Environmental Design – Detrimental impact on character of area

Planning Issues :

Effect on street scene & neighbouring properties. WBBC.
Identified settlement.

Application Number: F/2000/0281

Appraisal :

This application is for the erection of a 6m safety netting fence.

Neighbours & Street Scene.
The nearest neighbours would be situated a sufficient distance from the safety net for any adverse impact to be minimised. The structure of the safety is light and would not result in an overbearing structure to either the neighbouring properties or the street scene although it will be close to the highways in places.

Conservation Area.
This safety net is being erected for the safety of the children in the nearby school. Although it's 6m height is of some concern its light structure would ensure that there would be no solid bulk except for the frame. It would be screened to a certain extent by existing trees of different ages so the screening would improve when the younger trees grow.

Any adverse effect would not be sufficient to warrant a refusal.

There was an enquiry as to whether the nets could be temporary but this would involve more crossbracing which would be more unsightly. The netting will be black and will start at the top of the hedge so it can be maintained (the hedge).

Dear Ms Bates,

ERECTION OF SAFETY NETTING - KING GEORGE'S FIELD, SONNING

Thank you for your letter of 9 June with regard to the above proposal. Permitted Development rights allow Parish Councils to erect 'small ancillary buildings, works or equipment' without the need for planning permission; however, these are defined as those of less than 4 metres in height. As the safety netting would be 6 metres high, I'm afraid planning permission would be required. I enclose the necessary forms for your use.

Yours sincerely.

Leb.

9 June 1999

Dear Mrs Baker,

ERECTION OF SAFETY NETTING – KING GEORGE'S FIELD SONNING

The Parish Council has been alerted to the potential hazard to children playing in our playground, along side the Cricket Square in our recreation ground, from flying cricket balls. It is understood that balls have been hit into the playground but, luckily, there have been no accidents to date.

The Council has made inquiries and has received a quotation to supply a safety net along the boundary separating our two facilities. This would ensure that flying balls would be caught in the net before entering the play area.

The specification is:
36 metres 6.0m high cricket protection net including 2 no. end straining units and intermediate posts set in suitable concrete foundations at max. 3.5m centres. All posts galvanised and manufactured in rectangular hollow section. The net to finish 2.0m above ground level i.e. 4m wide and tied untrimmed cable ties to 4 no. Galvanised high tensile line wires.

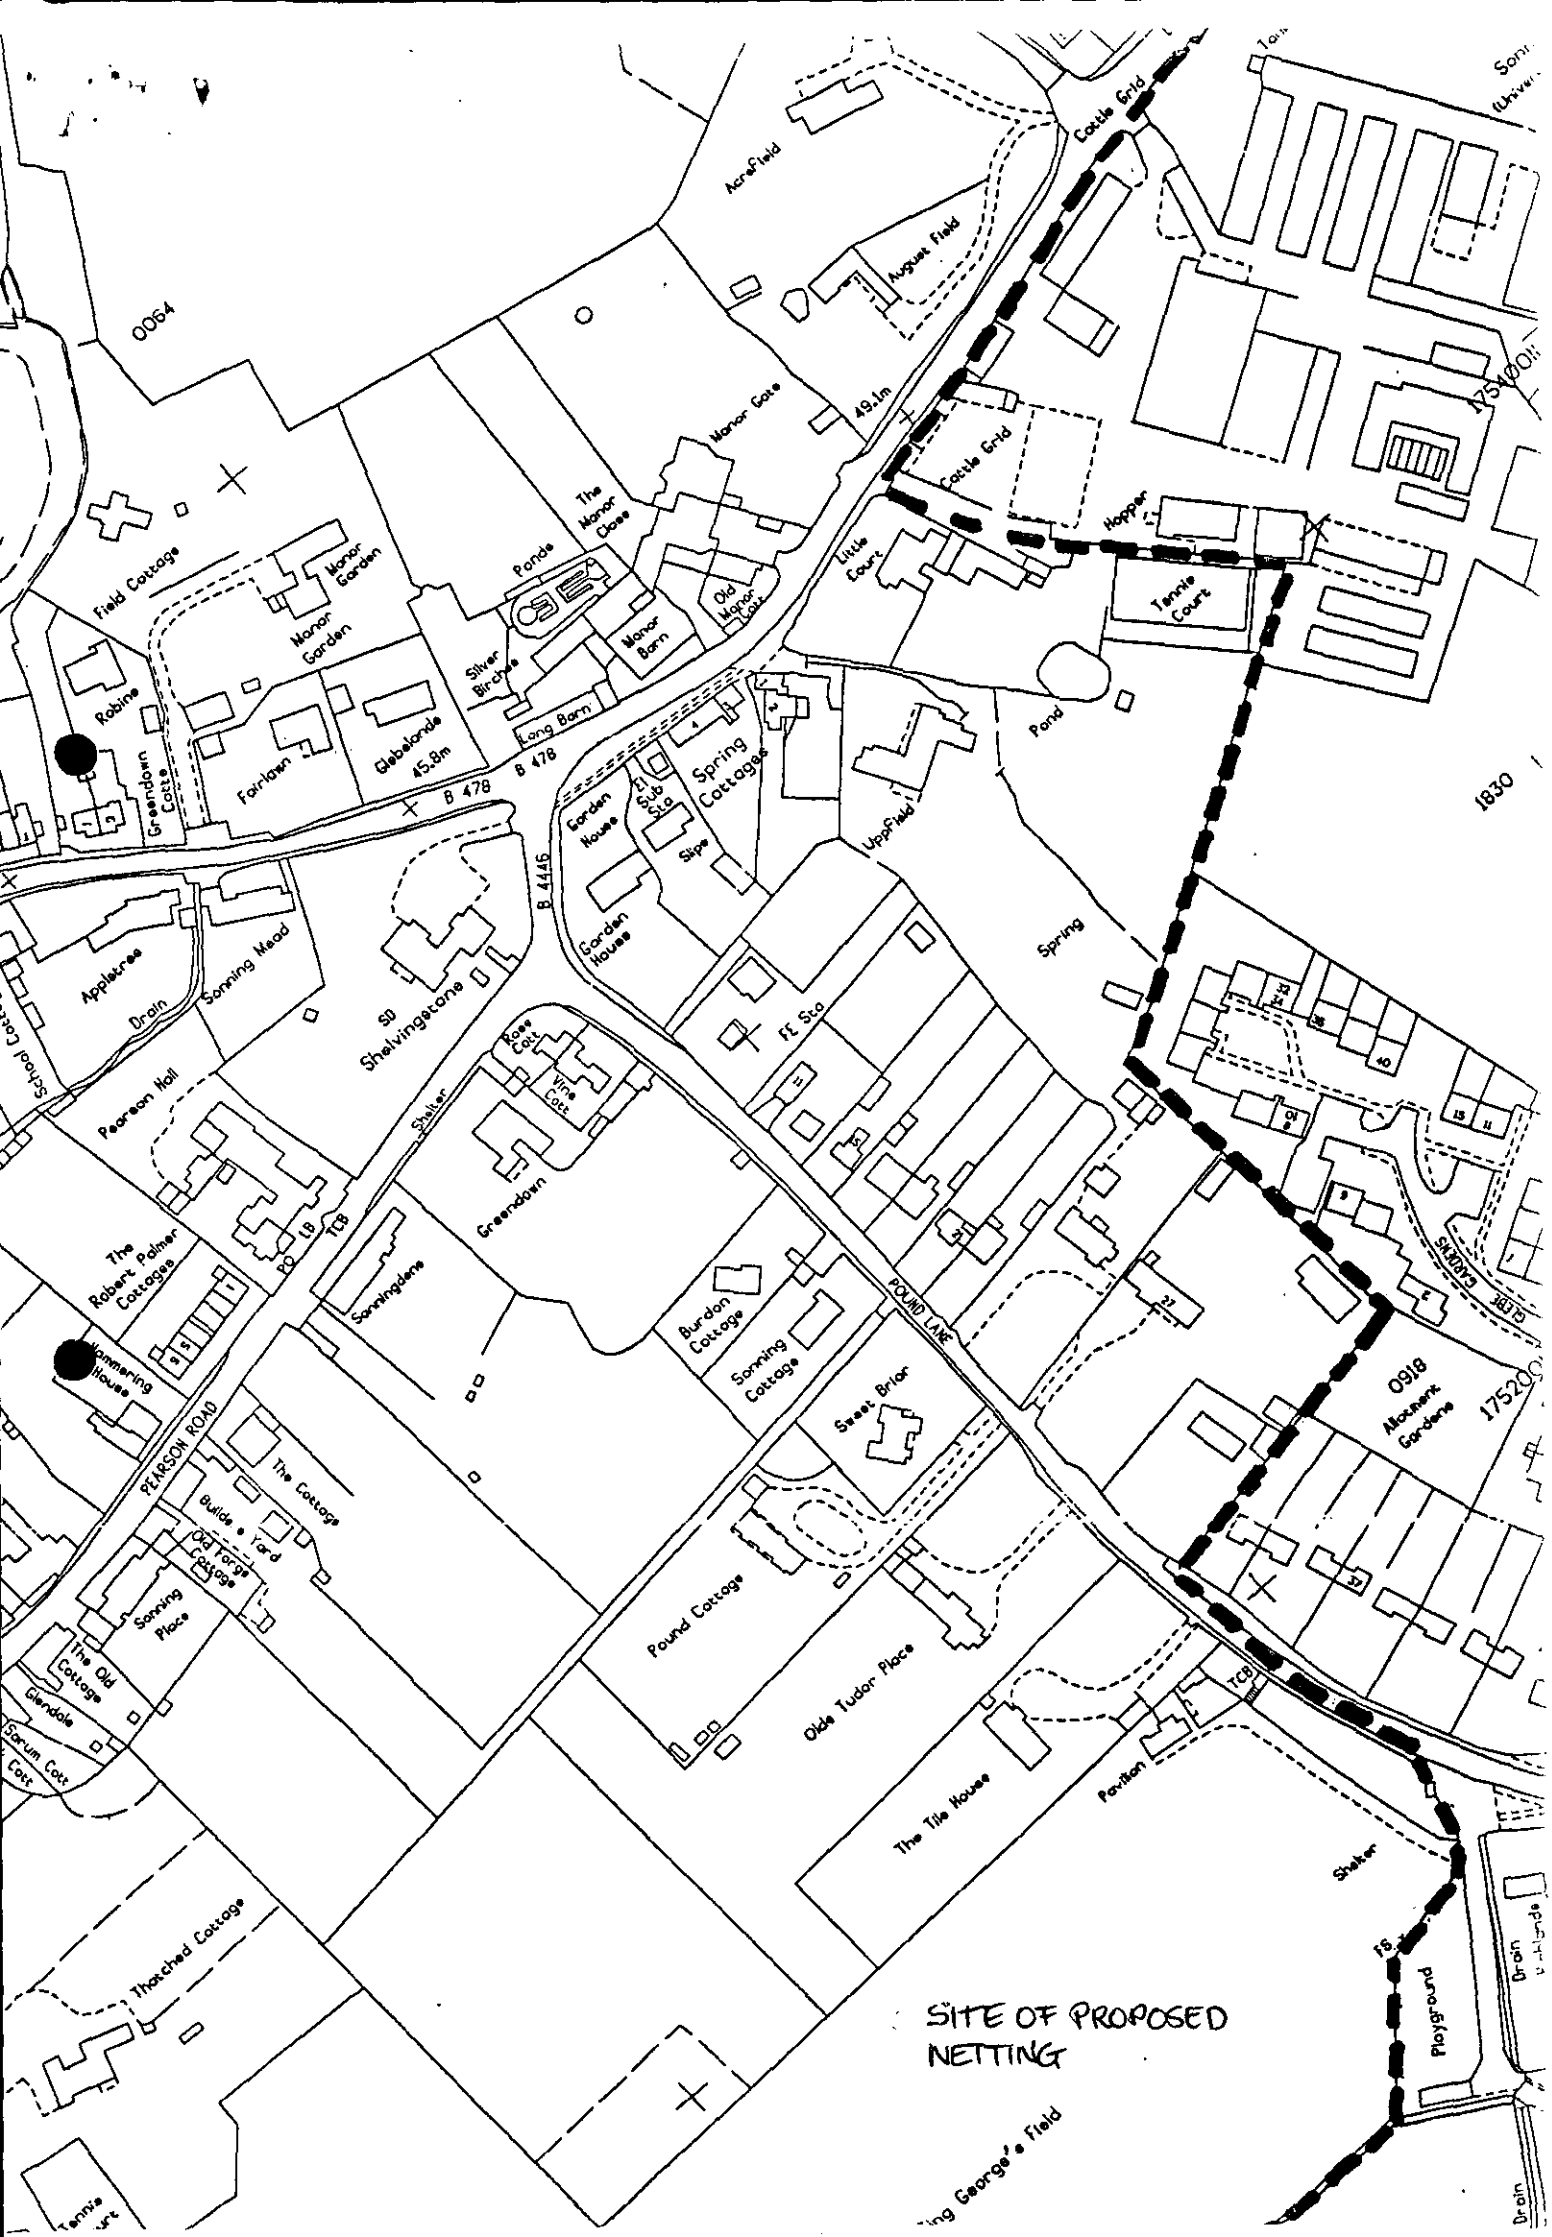

I enclose a location map of the area for your information.

The question has now been raised at to whether or not the Council will require planning permission to erect the safety net. Obviously, the Council is concerned to erect the net as soon as possible but would like your advice first.

If planning permission is required could you please send me the necessary forms with your reply.

Yours sincerely,

Lesley A Bates (Clerk to the Council).

URGENT FAX

TO : JOSS MILLER, WOKINGHAM D.C.

FROM : ALASTAIR DRIVER, ON BEHALF OF SONNING PARISH COUNCIL.

CC : Sonning Parish Council, Sonning Cricket Club.

24th March 2000

Dear Joss,

Installation of safety netting at King George's Field, Sonning

Following our telephone conversation this morning, I have managed to get hold of the specialist manufacturer and discussed the design of the above netting with him. *Unfortunately* my optimism about the possible temporary nature of the netting was unfounded ! I can now therefore confirm the following important points :

1. The safety netting needs to be a minimum of 6 metres above ground level. On average, the ball is hit into the childrens' recreation area once or twice a game, and this is the *minimum* height required to prevent this happening on the majority of occasions. Monitoring of the situation by the cricket club will determine whether this is sufficient in practice.
2. This childrens' recreation area is used most after school and at weekends – the very occasions when cricket matches take place. NB it is the village recreation area, adjacent to, but not part of, the village primary school.
3. The design strongly recommended by the specialists is for a permanent cemented-in structure. A temporary structure would require significantly larger footings and a cantilever support mechanism, to give it the *basal strength*. This would look even more unsightly and would be significantly more expensive. The proposed netting is made of polypropylene, but would remain permanently in place because it would be impossible to *remove it from the cemented in support* poles safely, without the use of a "cherry-picker". For all these reasons we have to go for the permanent design.
4. The *colour of the poles and the netting* will be black. (In my experience as Conservation Manager for the Environment Agency, green structures tend to stand out more in the countryside.)
5. The manufacturer recommends that the netting starts at the top of the hedge ie roughly 2 metres above ground, to prevent the netting becoming damaged by children, strimmers etc. The posts can therefore be installed very close to the hedge on the cricket pitch side.

Finally, I urge WDC to grant this application as soon as possible, as cricket matches start at Sonning on Sat 6th May. I've played cricket at Sonning for 13 seasons now and we've been very lucky so far that no-one has been seriously injured or killed in this play area. With many more young families in the village nowadays, and apparently more big-hitters at the cricket club, it is a disaster waiting to happen unless we get this fencing installed.

Yours sincerely,

Alastair Driver

Applicant:
Sonning Parish Council C/O Mrs L A Bates.

Your observations are required in respect of this application within **7 days** of the above

THIS PROPOSAL WILL HAVE A SIGNIFICANT VISUAL IMPACT ON THIS PART OF THE CONSERVATION AREA AND A NUMBER OF ISSUES ARE UNCLEAR.

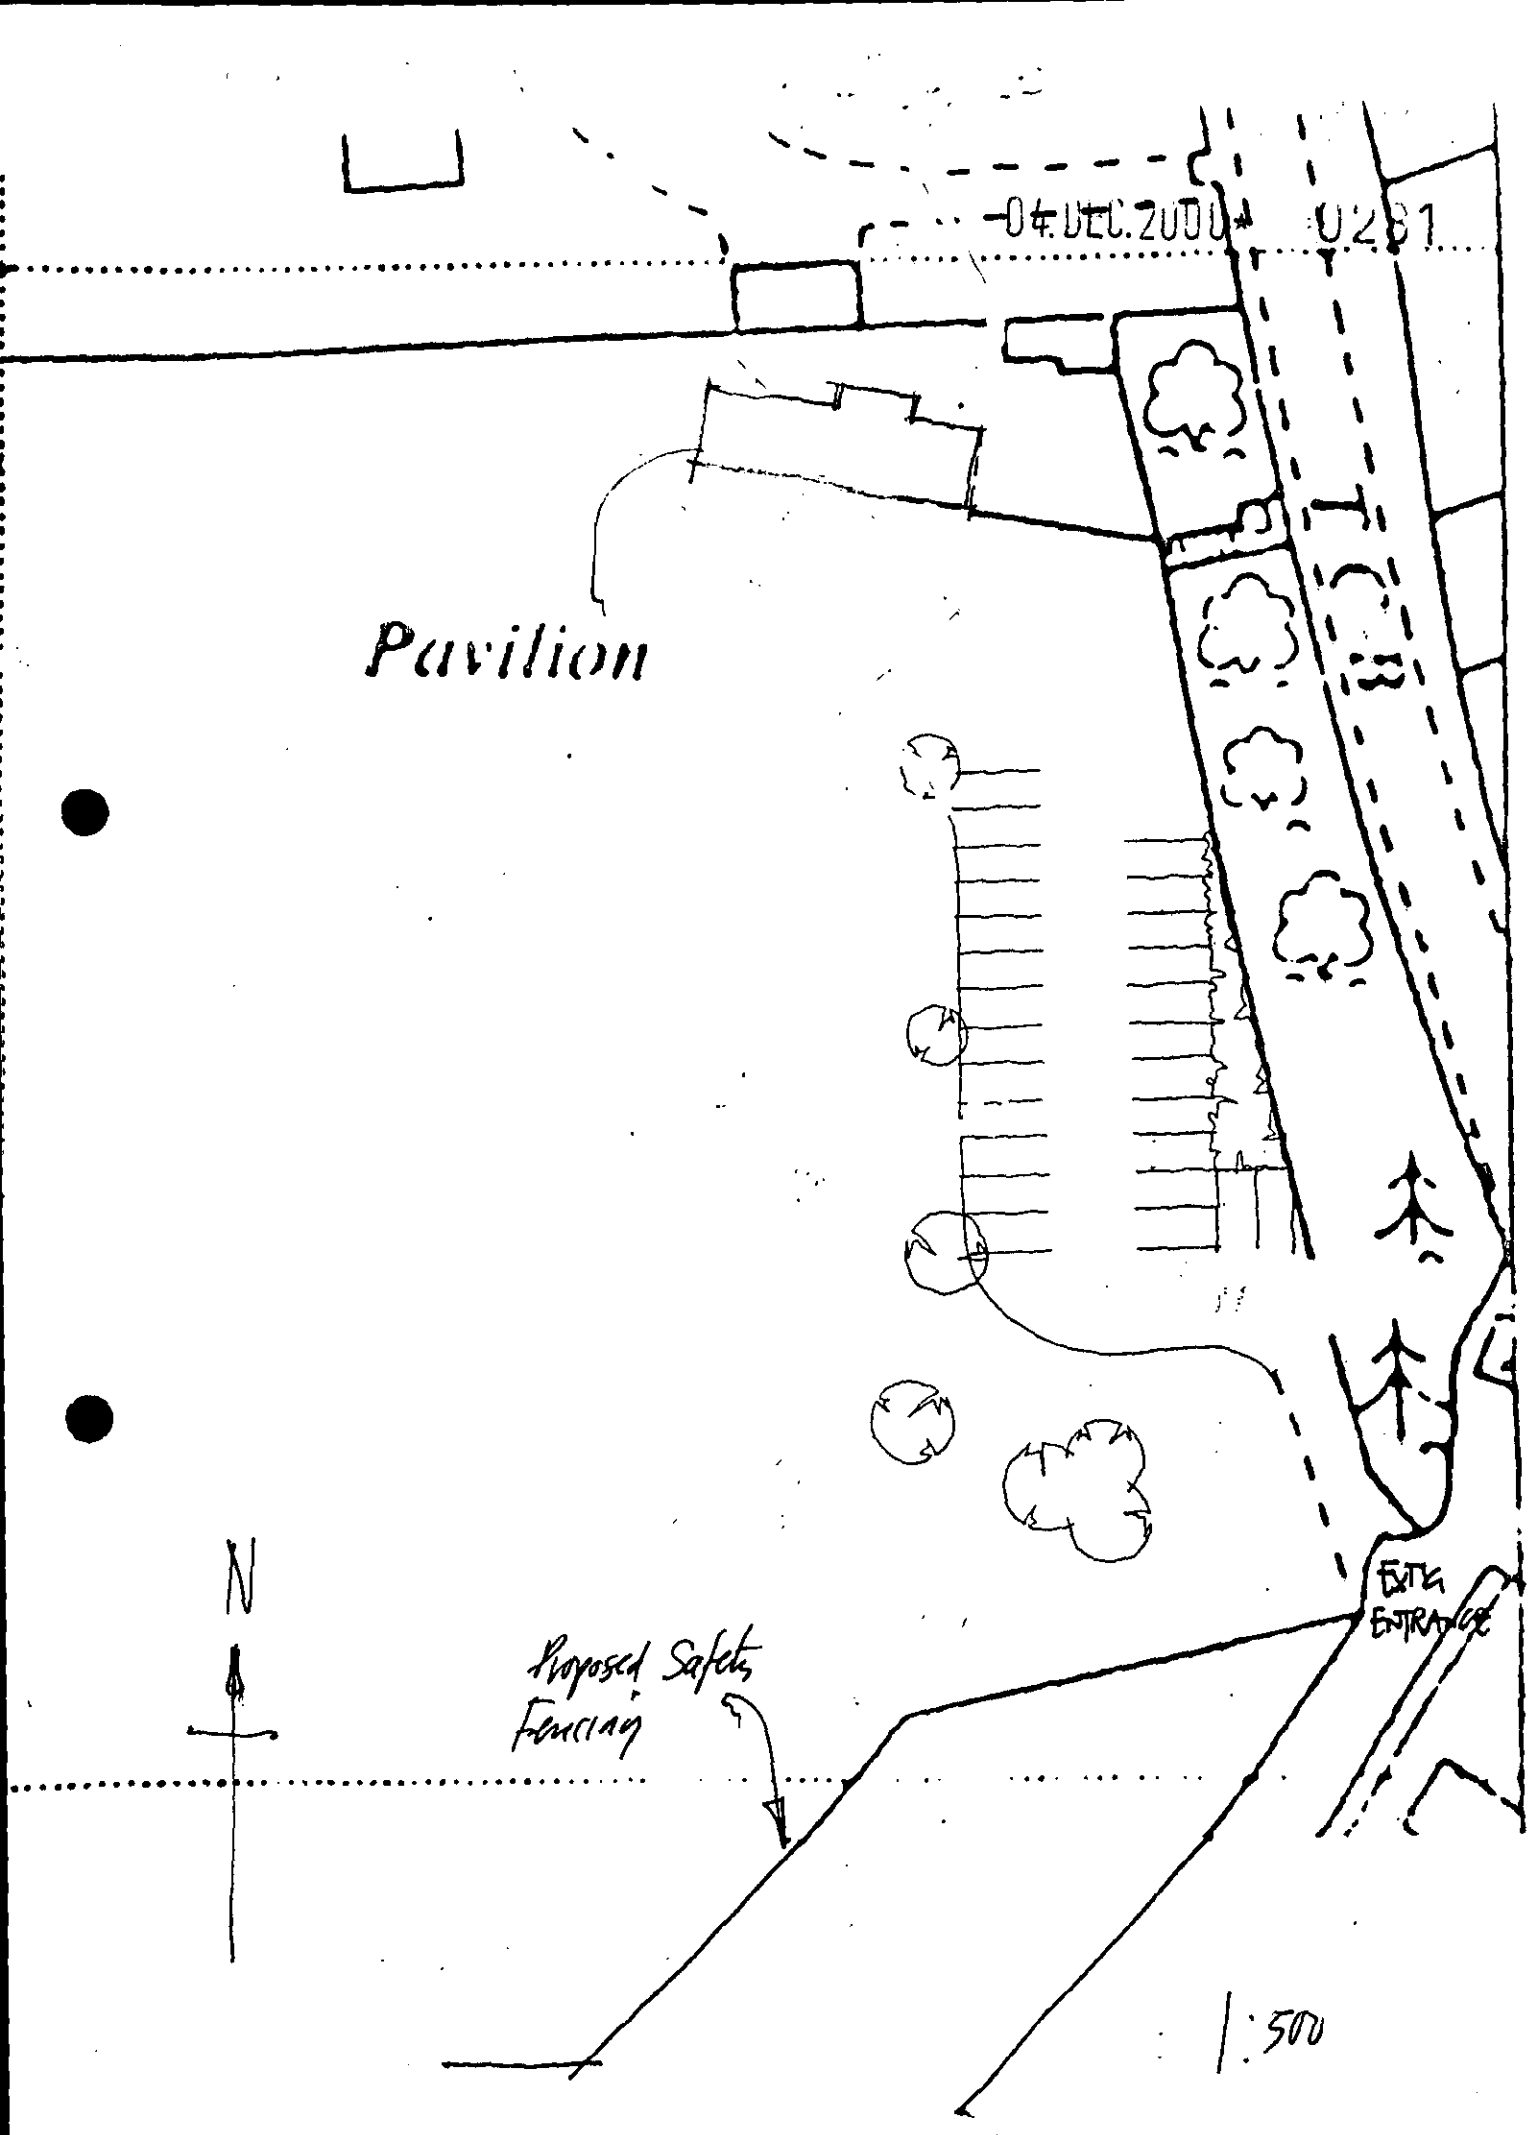

1. THE TIMES WHEN CRICKET IS PLAYED — SATURDAYS, SUNDAYS + EVENINGS DO NOT CO-INCIDE WITH SCHOOL TIMES. THIS MUST BE SUCH A COMMON PROBLEM WHEN CRICKET IS PLAYED ON THE VILLAGE GREEN.
2. IT IS ONLY REQUIRED FOR 6 MONTHS OF THE YEAR. — APRIL TO SEPTEMBER - IS IT REMOVED DURING THE WINTER?
3. COLOUR.? — BLACK OR DARK GREEN IF ESSENTIAL REQUIREMENT.
4. RELATIONSHIP TO HEDGE.? IS IT 1500mm OUT FROM HEDGE TO ALLOW CUTTING, OR ON THE LINE OF THE BOUNDARY AND ONLY AN EXTENSION OF SAME. — ILLUSTRATION SUGGESTS A STANDARD FENCE. THIS WILL OBVIOUSLY CREATE MAINTENANCE PROBLEMS AT THE BASE AND SPACE BETWEEN HEDGE + SAFETY NETTING.
5. IF ESSENTIAL IT SHOULD BE DARK GREEN AND IF POSSIBLE REMOVED DURING THE WINTER.

Dear Mr Wood

Application number F/2000/0281

We are dismayed by the proposed plan to erect a 6 metre safety fence on the north side of the recreation ground in Sonning, as it seems likely to spoil some very nice views – from our house, from the recreation ground, and from St George's field.

Whilst acknowledging that children's safety must be the prime consideration, we are surprised by the 6 metre height of the proposed fence and should like to know the justification for it. If balls had been travelling at that height we should have expected some to land in our garden. We have seen none. It occurs to us that if members of the crickets team can hit the ball that high and far they should be playing or England (or Australia more likely) rather than Sonning.

Incidentally, may we please be reassured that the Parish Council will not plant Leyland cypresses in an effort to hide the fence?

Yours truly

M & M Sasonow

Location:	King George's Field, Pound Lane, Sonning
Proposal:	PROPOSED ERECTION 6 METRE HIGH SAFETY NETTING FENCE
Application Number:	F/2000/0281

In response to your consultation dated 12 January 2000 for the above application, the landscape comments are as follows:

The site is located within a Green Gap designation and Conservation Area. The erection of a 6m fence on part of the boundary of the site will have a detrimental impact on the wider character of the area as it is not in connection with a larger sports facility or in scale with the adjacent playing fields. Therefore I feel that a fence of this height would be inappropriate in this instance.

- I have/The applicant has* given the required notice to the persons specified below, being persons who at the beginning of the period of 21 days ending with the date of the application were owners (a) of any part of the land to which the application relates.

Owner's(a) name	Address at which notice was served	Date on which notice was served

- I have/The applicant has* taken all reasonable steps open to me/him/her* to find out the names and addresses of the other owners (a) of the land, or of a part of it, but have/has* been unable to do so. These steps were as follows:

  (b) .....

  .....

- Notice of the application as attached to this Certificate, has been published in the (c) .....

  on (d) .....

1789/b

CERTIFICATE D

I certify that

● I/The applicant cannot issue a certificate in accordance with paragraph (a) of Section 66 of the Act in respect of the accompanying application.

OR

● I/The applicant have/has taken all reasonable steps open to me/him/her to find out the names and addresses of everyone else who, at the beginning of the period of 21 days beginning with the date of application was the owner (a) of any part of the land to which the application relates, but have/has been unable to do so. These steps were as follows:

(b) . . . . . .

. . . . . .

(b) Insert description of steps taken

(c) Insert name of local newspaper circulating in the area where the land is situated.

(d) Insert date of publication (which must not be earlier than the beginning of the period of 21 days ending with the date of the application).

● Notice of the application as attached to this Certificate, has been published in the (c) . . . . . .

on (d) . . . . . ●

ALL APPLICANTS MUST COMPLETE THIS SECTION

If any of the site is part of an area of land which is let or there is an agreement to let the land for agricultural purposes to a tenant, it may be an agricultural holding. Further advice may be obtained from the Department.

Agricultural Holdings Certificate

One or other section must be crossed through as not applicable.

If the applicant is the sole agricultural tenant he or she must delete the first alternative and insert "not applicable" as the information required by the second alternative.

● None of the land to which the application relates is, or is part of, an agricultural holding. ●

OR

● I have/The applicant has given the required notice to every person other than my/him/herself who, at the beginning of the period of 21 days ending with the date of the application, was a tenant of an agricultural holding on all or part of the land to which the application relates, as follows:

Tenant's name	Address at which notice was served	Date on which notice was served

Signed . . . . . .

On behalf of SONNING PARISH COUNCIL . . . . .

Date 15 NOVEMBER 1999 . . . . . .

TOWN AND COUNTRY PLANNING ACT, 1990

NO

Before submitting the application check that it is complete, that all questions have been answered and that the site boundary and the new work are clearly edged in red on the plans. Every application must be accompanied by the appropriate certificate and fee. See "NOTES TO HELP APPLICANTS".

1769d

YOUR PLANNING APPLICATION

WHY DO YOU NEED TO MAKE A PLANNING APPLICATION ?

New buildings, major alterations and enlargement of existing buildings, and many changes in the use of buildings and land need planning permission.
The Town and Country Planning Acts impose a duty on Local Authorities to control these changes, and this means that a balance has to be found between the need and pressure for change, and the desire to protect the character of settlements and the countryside.
The merits of each application are, therefore, carefully examined.

WHAT ELSE MAY YOU HAVE TO DO ?

Listed Building Consent:	for works to a Listed Building; or for demolition works on land within the curtilage of a Listed Building or within a Conservation Area.
Advertisement Consent:	for the display of advertisements or signs
Building Regulation Approval:	for most new building or construction work.

Special forms are available for these types of applications.

You should also check whether there are any other regulations with which you may need to comply.

WHAT HAPPENS TO THE APPLICATION ?

It will first be checked to see if it is complete and if it is, it will be registered.

Consultations will be carried out with public and other bodies, such as the Highway Authority, or Local Parish Councils.

Publicity may be given to allow local people the opportunity to comment on your proposals.

The application will be considered in relation to the Council's planning policies and guidelines, the past history of decisions on that site or in the locality, other standards (such as parking, or visibility at road junctions), and any other material considerations.

The site will be visited by a Planning Officer You may be asked to submit more information, or to amend your application.

The application will then be considered either by a Planning Committee or Sub Committee (made up of Councillors) or bythe Chief Officerresponsible for planning matters. Objections to an application will be taken into consideration by the Committee or the Chief Officer.

Shortly after the application has been determined, you will receive a Decision Notice.

HOW LONG WILL IT TAKE ?

An application will generally be determined within eight weeks although a longer period may sometimes be required for a complicated application.

WHAT SORT OF DECISION CAN BE MADE ?

Your application may be approved.

Your application may be approved subject to certain conditions. These could impose restictions on the use of land or buildings, or require further details to be approved at a later stage, (e.g. materials or landscaping).
You may appeal against the conditions, but this opens the entire permission to review by the Secretary of State.

Your application may be refused. The reason will be listed on the Decision Notice.

WHAT HAPPENS IF THE APPLICATION IS REFUSED ?

You have the right to appeal against the refusal to the Secretary of State, but you have to do that within six months.
Appeals can be dealt with by written representations by both sides, or by a Public Inquiry.
You may ask the Planning Officer whether an amended application would be more likely to receive planning permission.

DATA PROTECTION ACT 1984

'Information contained in this form is likely to be personal data within the terms of the Data Protection Act 1984, and as such will be held by the Council on computer (such as the PLANAPS applications processing system) and may be used by the Council only for purposes registered under the terms of the Data Protection Act.'
