COMMENTS:

I have lived in this village for 47 years and seen so many landlords struggle to survive principally due to the tie and lack of funds for investment in the infrastructure. The Horns has always been the community's social hub which has been very much missed since its closure some two years ago. Now that The Horns future has been financially secured I wholly support the plans submitted to restore the building whilst retaining the internal and external features of a listed building, diversify its activities, improve the facilities offered to customers and create local employment.
