Dear Mr Chappell,

TREE PRESERVATION ORDER NUMBER: 555/1992
APPLICATION NUMBER: 260542
LOCATION: 309 NINE MILE RIDE, FINCHAMPSTEAD, WOKINGHAM, RG40 3NL

I am writing to you regarding your application to carry out works to protected tree(s), which was received and validated on the 04 March 2026.

I can confirm Wokingham Borough Council **consents with conditions**, to the following work being carried out to tree(s) included in the above-mentioned Tree Preservation Orders (TPO):

Approved works to W1 of TPO 555/1992:

Oak (x2 stems) - Fell to ground level.

Reason stated for work:

Fell Oak trees located to the rear of 309 Nine Mile Ride due to abnormal leaning growth towards neighbouring residential gardens and buildings.

Officer comments:

The subject Oak tree is of poor and asymmetric form. The crown is entirely weighted over the applicant's property due to growing beneath larger, mature Oak trees, resulting in an imbalanced structure with limited long-term amenity value.

It is recognised that the tree's condition and growth pattern are unlikely to improve and would lead to ongoing management pressures, including repeated requests for pruning. On this basis, the tree is considered to have limited future potential within its current context.

Consent is therefore granted for its removal, subject to a replacement planting condition, with the new tree being protected by an individual TPO to mitigate the loss of the existing tree and offset any impact on the woodland setting. The replacement planting is recommended within the front garden; this approach provides an opportunity to enhance the wider landscape.

The consent is granted subject to the following conditions:

1. The above works must be completed before **07 May 2028** and in the event of the works not being completed by that date, further consent will be required.
2. Work must be carried out in accordance with British Standard 3998 – 2010 ‘Tree work - Recommendations’.
3. Replacement planting: Following the removal of the subject tree as authorised by this consent, a minimum of one replacement Silver Birch tree must be planted within the boundary of 309 Nine Mile Ride, Finchampstead, Wokingham, RG40 3NL.

The replacement tree must be planted during the planting season (Nov-March) following or at the time of the felling of the original tree, whichever is soonest following the permitted tree works.

The new tree(s) should be a minimum of 2m tall. Planting should be carried out in accordance with clause 10 (Planting) of BS 8545:2014 ‘Trees: from nursery to independence in the landscape – Recommendations’.

Should the replacement tree be removed, die, or become severely damaged or seriously diseased, all within 5 years of planting, it shall be replaced by a tree of a similar size and species to that originally planted. Modifications to the requirements of this condition must be agreed in writing with Wokingham Borough Council Tree and Landscape Team.

PLEASE NOTE: The requirement to replant is the responsibility of the tree owner even if the application was submitted by another person.

Reasons for conditions 1-3...

1. To ensure that our records remain accurate.
2. To ensure that tree removal and associated operations are carried out in a manner that minimises avoidable damage and accords with recognised best practice.
3. To maintain canopy cover in the Borough for the benefit of the local environment and amenity.

Informative:

If you are aggrieved by any of the conditions attached to your consent, you may appeal to The Planning Inspectorate (PINS). Because of coronavirus (COVID-19), you currently can only make a planning appeal online. You cannot currently apply by post.

For more information go to:

<https://www.gov.uk/government/publications/tree-preservation-order-appeal-form>

Telephone: 0303 444 5570 or e-mail it to: treeandhedgeappeals@planninginspectorate.gov.uk
Your appeal should be received within one month of receipt of this decision or any such longer period as the Planning Inspectorate may allow.

You are advised that this letter is in respect of the **Tree Preservation Order only** and it does not imply that consent would be forthcoming from the owner of the tree(s) or any such other persons from whom consent may be required.

If we can be of any further assistance, please contact the Tree and Landscape Officer via email to: development.control@wokingham.gov.uk

Yours sincerely,

A handwritten signature in black ink that reads "Chris Hannington". The signature is written in a cursive, slightly slanted style.

Chris Hannington
Trees and Landscape Team Manager

Please note that your attention is drawn to the following information:

Bird Nesting Season and Presence of Bat Roosts

In accordance with the Wildlife and Countryside Act (1981) and Countryside Rights of Way Act (2000), consideration must be given to the timing and type of tree work operations, to avoid causing disturbance to any nesting birds or bat roosts that may be present within the tree(s).

The Act makes it an offence (subject to exceptions) to intentionally kill, injure, or take, possess, or trade in any wild animal listed, and prohibits interference with places used for shelter or protection, or intentionally disturbing animals occupying such places.

It is advised that all non-urgent major tree work and hedge cutting operations are undertaken at a time to avoid disturbing nesting birds during the breeding season (to which the bird nesting season is considered to be from March to July). Where bats are suspected to be present, it is recommended that advice first be sought from a licenced bat specialist and if appropriate, the relevant licence(s) be obtained before any major tree work or hedge cutting commences.

Forestry Act 1967 and Felling Licences

If it proposed to fell a tree or trees greater than 5 cubic metres or sell more than 2 cubic metres of timber in any calendar quarter, a Felling Licence from the Forestry Authority may be required.

Please note that Felling Licences are not required to remove trees from domestic (residential) gardens. Where you are the landowner of large pieces of land with numerous trees, clarification from the Forestry Commission may be required as to whether a Felling licence is needed.

For more information on Felling Licences, please speak to the Woodland Officer at the Forestry Commission on 01296 696543

Further Information can be found on the Forestry Commission Website:
