

PLANNING REF : 261171
PROPERTY ADDRESS : 32 Foxborough
: Swallowfield
: RG7 1RW
SUBMITTED BY : Mr N Marshall
DATE SUBMITTED : 12/06/2026

COMMENTS:

Swallowfield has already absorbed far more development than its infrastructure can sustain. Despite overwhelming village opposition, previous plans were approved, despite making it painfully clear that local voices are being sidelined.

Our GP surgery is at breaking point, with residents struggling to secure even basic appointments. Schools in the area are already full, leaving Swallowfield children without realistic options. Adding more will intensify pressures that are already unmanageable.

The single track roads around the village are entirely unfit for increased traffic, let alone heavy construction vehicles. If the proposed site lacks mains water and sewerage, the constant movement of waste tankers will make an already unsafe situation worse.

I strongly object to this planning application not only because the practical impacts are severe and undeniable, but because the people of Swallowfield are repeatedly ignored. Those who live here understand the consequences of unchecked development, yet our concerns continue to be dismissed. This cannot continue! The pressure on stretched infrastructure cannot continue!
