Comments On Proposal

LLFA received this application for the change of use of the existing unit from Commercial Use (B2) to E(d) (Indoor sport, recreation or fitness) to be used for a personal training studio on 10th December 2025.

The existing workshop is within flood zone 1 and we would have no objection to its conversion to a gym, as represented by proposed floor plans uploaded on NEC DM on the 06/08/2025. The impermeable footprint of the does not increase.

LLFA already commented in September 2025.
