Comments On Proposal

LLFA received this Full application for proposed erection of 1 No. dwelling with associated parking and landscaping. Following the demolition of the existing dwelling. The development is in Flood zone 1 and low risk from surface water flooding according to the EA mapping. There will be increase in impermeable area and we would have no objection to the principle of the development but as Drainage details have not been provided and the existing drainage details has not been mentioned, we would recommend the condition below.

Conditions & Reasons (if required)

No construction shall take place until details of the drainage system for the site have been submitted to and approved in writing by the LLFA. The details shall include how the site currently drains and will be drained after proposed development with consideration to SuDS. The approved scheme shall be implemented prior to the first occupation of the development and shall be maintained in the approved form for as long as the development remains on the site.

Reasons

This is to prevent increased flood risk from surface water run-off. Relevant policy: NPPF Section 14 (Meeting the Challenge of Climate Change, Flooding and Coastal Change), Core Strategy policy CP1 and Managing Development Delivery Local Plan policies CC09 and CC10.
