Conditions and/or Reasons

1. Timescale - The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004).

The development shall be carried out in accordance with the approved details unless other minor variations are agreed in writing after the date of this permission and before implementation with the Local Planning Authority.

Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

3. European Protected Species - No works to the roof of the dwelling house hereby approved shall commence until an European Protected Species (EPS) Mitigation Licence has been obtained from Natural England and a copy has been submitted to and approved in writing by the council. Thereafter mitigations measures approved in the licence shall be maintained in accordance with the approved details. Should conditions at the site for bats change and / or the applicant conclude that a licence for development works affecting bats is not required the applicant is to submit a report to the council detailing the reasons for this assessment and this report is to be approved in writing by the council prior to commencement of works.

Reason: Reason: The house may host a bat roost which will be affected by the proposals. This condition will ensure that bats, a material consideration, are not adversely impacted upon by the proposed development, and that the Council demonstrates that the council has fulfilled its duties under the Conservation (Natural Habitats &c.) Regulations 1994 (as amended). Relevant Policy: Section 15 of the

NPPF 2023, Policies CP3 and CP7 of the Core Strategy 2010, and Policy TB23 of the Managing Development Delivery Local Plan 2014.

4. External materials - Except where stated otherwise on the approved drawings, the materials to be used in the construction of the external surfaces of the extension hereby permitted shall be of similar appearance to those used in the existing building, unless other minor variations are agreed in writing after the date of this permission and before implementation with the Local Planning Authority.

Reason: To ensure that the external appearance of the building is satisfactory. Relevant policy: Core Strategy policies CP1 and CP3.

5. Obscure glazing - The proposed roof level dormer windows in the rear elevation of the development hereby permitted shall be fitted with obscured glass and shall be permanently so-retained. The window shall be non-opening unless the parts of the window which can be opened are more than 1.7 metres above the finished floor level of the room in which the window is installed and shall be permanently so-retained.

Reason: To safeguard the residential amenities of neighbouring properties. Relevant policy: Core Strategy policy CP3.
