## Comments On Proposal

I have assessed the Licence Return Form, covering email confirming registration and Bat Mitigation Strategy letter (John Wenman Ecological Consultancy, 10 January 2025). I am satisfied that mitigation for bats will be implemented in line with pages 15-17 of the Bat Emergence and Re-entry Survey Report and 2 integral bat boxes will be installed above 3m on the western elevation of the building. The applicant has provided evidence that Natural England have issued a Bat Class Mitigation Licence, and the site has been registered. I am happy to recommend approval and discharge of condition 4.
