COMMENTS:

I would like to express my strong support for the mosque in Wokingham. This place will be a valuable addition to the community, fostering unity, understanding, and social cohesion.

The mosque can serve as a place of worship for Muslims as well as allow for people of all faiths and backgrounds to visit. It will promote interfaith dialogue, education, and cultural exchange, helping to integrate different societies within the diverse community. By providing a hub for social, educational, and charitable activities, the mosque will strengthen community bonds and encourage mutual respect.

This place can play a vital role in bringing people together. I believe the mosque will be a positive force for inclusivity, tolerance, and community spirit.

I wholeheartedly support this planning application.
