COMMENTS:

to whom it may concern,
our objections to this planning application are as follows,
1)The type of application in this quiet little close is totally inappropriate and will cause many issues which we believe are, Impact on the local community- risk of anti social behaviour in the neighbourhood, noise complaints, community feeling unsafe. the likely number of families and professionals using street parking to visit, blocking residents in, high number of of parked cars making access to properties difficult and dangerous for residents and visitors.
i notice on the planning application that the area to the front of the planning applications garden is land we believe to be owned by either Charles church builders or by Persimmon house builders, we can only assume that the owner of no.2 Steggles close is trying to purchase the land in conjunction with the planning application, can this be clarified as i have been informed this piece of land was not for sale in the past.
