COMMENTS:

I object to this proposal for even more houses in the area, as the infrastructure just won't be able to handle it. It is already a nightmare trying to get out of the village to the motorway each morning, traffic is a nightmare and it can take 30 minutes to go 1 mile down the road. Trying to get a doctors appointment is a struggle, and there are no decent Secondary schools for our children to go to as it is, let alone with another 420 houses added to the area. Spencers Wood has taken a massive amount of new houses over the past few years, why not build on other areas to balance things out. This area is seriously overcrowded and it has to stop.
