Change List	
Change ID	Change Name
Ch-01	Windows adjusted to show existing conditions
Ch-02	Window relocated to the left due to shower layout
Ch-03	Roof adjusted to show natural slate tiles as per existing conditions
Ch-04	Roof abutment to neighbouring property: existing roof replaced with flashing detail
Ch-05	Garden wall abutment amended to reflect existing wall conditions; resulting in parapet wall to suit structural glass and lead flashing forming gulley draining to hopper head
Ch-06	Brick finish omitted and replaced with render due to irregular existing wall unsuitable for brick coursing
Ch-07	Garden wall not previously shown
Ch-08	Existing extractor location retained; new extractor to be reinstated in same position using traditional terracotta vent tile, painted white to match wall finishes, replacing existing modern vent
Ch-09	Single door changed to double door
Ch-10	Pier wall construction adjusted to suit existing conditions and structural design
Ch-11	Adjustment to structural design: new steel column/post
Ch-12	Double storey wall abutment detail: Wall shifted away from garden wall. Construction detail covered under Planning Conditions.
Ch-13	Wall abutting neighbour's ommited. New independant wall construction shown
Ch-15	New rooflight
Ch-16	Size of flat roof reduced to impact to existing pitched roof. Roof gulley introduced instead
Ch-17	New soffit vent added to existing roof structure
