The proposed development is acceptable in principle but would benefit from adjustments to ensure it meets the requirements of the Core Strategy and local design standards. Specific design amendments, including setting the side extension in by approximately 1 metre, would help preserve the character of the street and maintain appropriate separation between buildings. Retaining the existing soft landscaping at the front is preferred to sustain the positive contribution to the local area's appearance

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
