Application for Planning Permission

Town and Country Planning Act 1990 (as amended)

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

This application seeks permission for Val Wyatt Marine Ltd to install a new Marsh 30 population, pumped outlet shallow sewage treatment plant. This will replace the current twice-weekly pumped out septic tank facility. The proposed system will be classed as domestic due to the nature and volume of facilities serviced. The sewage treatment plant will be installed within the property boundary, underground in the car park area behind a boat storage shed, with an underground outlet pipe discharging less than 5m3 per day of treated domestic effluent into the Hennerton Backwater. **Due to the volume of discharged effluent being less than 5m3 per day, no EA permit required as in line with the binding rules. Supporting documentation is provided within the application to evidence how each of the binding rules are met**.

An area measuring 3 meters wide, 6 meters long and 2.7 meters deep, will be excavated to create the installation pit. Interlocking sheet piles and hydraulic rams will be installed to provide a safe working environment. Following excavation, a 350mm layer of flint rejects will be laid throughout the base, topped with a 250mm thick reinforced concrete slab. Once the concrete has set, the tank will be lifted into position and surround in concrete in a series of pours. Simultaneously, the treatment plant will be filled with water to ensure equal pressure inside and out. With the tanks secured into position, new inlet and outlet pipework connections will be created.

The pumped outlet connection will be made to the Hennerton Backwater edge. Using a diamond cutting floor saw, an inlet trench will be cut through the boat storage shed to the outside hard standing area, in the direction of the inlet of the Treatment plant. Approximately 15 metres of 110mm UPVC plastic pipework will be laid on and surrounded in 10mm shingle, making the live drainage connection from the café and toilets. Full reinstatement will take place and areas of cut concrete reinstated accordingly.

The supplier completing the installation will revisit post-installation to ensure the system operates as expected. An onward maintenance package is also available.

Val Wyatt staff complete regular site inspections and will report any obvious signs of pollution to the Marina Manager to act on accordingly, such as offensive odours or build up of scum around the proposed site.

Has the work or change of use already started?

- ☐ Yes
☒ No

Existing Use

Please describe the current use of the site

Val Wyatt Marina, established in 1845, is a working Marina offering moorings, the sale and purchase of new and used boats, boat maintenance & repairs and winter storage. The site also hosts a coffee shop and retail space for the sale of boat and marine items. Both are open to the public. The proposed site for development relates to a small area within the hardstanding area behind one of the boat storage sheds, and the adjacent grass river bank leading to the Hennerton Backwater.

Is the site currently vacant?

- ☐ Yes
☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

☐ Yes

☒ No

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

☐ Yes

☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

☐ Yes

☒ No

Are there any new public roads to be provided within the site?

☐ Yes

☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

☐ Yes

☒ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

☐ Yes

☒ No

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

☐ Yes

☒ No

Trees and Hedges

Are there trees or hedges on the proposed development site?

☐ Yes

☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

☐ Yes

☒ No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- ☒ Yes
☐ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- ☒ Yes
☐ No

Will the proposal increase the flood risk elsewhere?

- ☐ Yes
☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system
☒ Existing water course
☐ Soakaway
☒ Main sewer
☐ Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Under 25 square metres

Please justify the reason why biodiversity net gain does not apply:

Less than 25m2 is affected. Preliminary Ecological Assessment report provided by Eco360 evidences that no habitats of conservation concern were located on the entire site.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☐ Mains sewer
☐ Septic tank
☒ Package treatment plant
☐ Cess pit
☐ Other
☐ Unknown

Are you proposing to connect to the existing drainage system?

- ☐ Yes
☒ No
☐ Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☐ Yes
☒ No

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☐ Yes
☒ No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☐ Yes
☒ No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

- ☐ Yes
☒ No

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

- ☐ Yes
☒ No

Hours of Opening

Are Hours of Opening relevant to this proposal?

- ☒ Yes
☐ No

Please add details of the of the Use Classes and hours of opening for each non-residential use proposed.

If you do not know the hours of opening, select the Use Class and tick 'Unknown'

Use Class:

E(a) - Display/Sale of goods other than hot food

Unknown:

No

Monday to Friday:

Start Time:

08:30

End Time:

17:30

Saturday:

Start Time:

Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

☐ Yes

☒ No

Is the proposal for a waste management development?

☐ Yes

☒ No

Hazardous Substances

Does the proposal involve the use or storage of Hazardous Substances?

☐ Yes

☒ No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

☐ Yes

☒ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

☐ The agent

☒ The applicant

☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☐ Yes
☒ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☒ Yes
☐ No

If yes, please provide details of their name, role, and how they are related:

***** REDACTED *****

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes
☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
