COMMENTS:

The road usage has been overloaded already. I am suffering in heavy traffic everyday during 7:15am until 9am and traffic jam during 4:30pm until 6pm where near M4, B3270, Shinfield Road, Hollow Ln, Brookers Hill, Church Ln, Basingstoke Rd, A33. It is much annoying all residents (including me) who live in near area. Moreover, I have discovered the anti-social behaviour seems to be getting worse on adolescence, such as electric bikes driving on road , peer groups annoying in playground at both day and night time. Some of adolescence's behaviour made us residents trouble who disturbing our peaceful life. If more houses will be built in the area, supposingly, the problem would be more seriously.
