COMMENTS:

Just heard about this application, I am very confused and disappointed that an application for any changes to the Range Road area, we have lived here and in Nine Mile Ride for nearly 30 years so I am very aware of the facilities or should I say lack of facilities in the area, No Buses, No Shops, No Churches, No Public Houses, No Schools and No Doctors within walking distance of Range Road. Over the years I and my family have enjoyed many quiet walks along Range Road and because of the lack of footpaths, NO TRAFFIC or mad cyclist tearing past, the only things to be aware of were/are the deep potholes full of rain water, many dog owners and runners would be seen and the ambience with the tall thick woodland and birds singing made us think we were in the countryside and between two very busy A Roads, i.e. Sandhurst Road and Nine Mile Ride. I HAVE NOTHING AGAINST TRAVELLERS, BUT IN WOKINGHAM, FINCHAMPSTEAD AND ARBORFIELD THERE ARE ABOUT A DOZEN CAMPS ALREADY! Therefore I MUST object to this application.
