To Whom May concern

I have been using and recommending Paul Stelling and his workshop Service since my business started in 2009

His Workshop at rear of 304 London Road, Wokingham, RG40 1RD has often provided me with a good reliable service for my repairs and welding services to Plant Machinery, Boat Trailers and Marine engines.

I would like to continue to use this service and am slightly confused as to why the workshop should not be able to continue under current usage.

Please email or call me if you need any further information.

With kind regards
Tom Shepherd.
