1) V' impact on conservation area

2) V' impact on listed building

3) Highways.

Application Number: LB/2000/2739
Appraisal:

1) Visual Impact on the Character of the Conservation Area

The proposal is for a new fence to the front elevation and new finials on the existing fence fronting a listed building.

The two new lengths of wrought iron fencing with finials both measuring 10.4 metres in length and by 0.6 metres in height will be fixed to the low brick walls located either side of the main entrance gate, on the northwest elevation of the Harrison Almhouses, facing London Road. These will give an overall enclosure height of 1.2 metres.

The proposed materials of wrought iron painted black will match the existing fencing located on the existing north and north east elevation, therefore no visual impact on Character of the Conservation Area.

2) Visual Impact on the Setting of the Listed Building

No adverse impact due to the fact that it will be in keeping with the historic fabric and will enhance the appearance of the Grade II* listed Harrison Almhouses. However a condition is recommended regarding the submission of further details of the fixing method to be used for the 'finials' and the 'support tie' prior to commencement of work.

3) Highways

Dear Sir

Notification under Environment Circular 14/97
Application for Listed Building Consent

ADDRESS: Harrison Alms Houses, London Road, Twyford

Thank you for notifying English Heritage of the application for listed building consent for the above building.

On the basis of the submitted documentation, which we have listed below, English Heritage has no objection to the application.

If your authority is minded to grant consent, you are reminded that the Directions in Environment Circular 14/97 require you to notify the Secretary of State. In doing so, you will speed up the response if you attach a copy of this letter to your notification (including the attached list of the documentation) and confirm that the plans and drawings have not changed. You will also need to let the Government Office have a list of all the conditions to which the consent will be subject.

Where the plans and drawings change after we have been consulted, I would be grateful if you would come back to me for further comments. It would also be helpful if you could draw these changes to the attention of the Government Office.

Dear Mr Mitchell

Harrison Almshouses, Twyford, Berks.

Thank you for your letter dated 14 November about the proposed railings around the above property.

In my opinion, the addition of fencing such as this will not only enhance the appearance of these ancient almshouses but also improve the security for residents.

Dear Mr Graham

CONDITION 8: APPLICATION NO. 96/63749/LA
HARRISON ALMSHOUSES

Following your telephone call yesterday concerning our letter to you dated 10 November, I write to confirm:

1. We can but apologise for a Planning Assistant considering you to be a well-heeled surveyor!

2. The original letter dated 2 November discharged Condition 8 in relation to the metal gate to the entrance porch only.

3. The railings were not covered under Application No. 96/63749/LA and accordingly you have submitted a Listed Building Application, which is at present being processed.

I would add that the Planning Officer responsible for the Twyford Team will be shortly leaving this Council. She will be joining Windsor and Maidenhead Borough Council which is considered a fate worse than death at the stake, as you were recommending.

I hope the situation has been resolved to your satisfaction.

Yours sincerely

I hereby apply for Listed Building Consent in respect of the particularly described above and in the attached plans and drawings. I certify that if Listed Building Consent is granted, I will ensure that the works are carried out strictly in accordance with the approved plans. I am aware that the grant of Listed Building Consent does not obviate the possible requirement for planning permission under the Town and Country Planning Acts, or the need to apply for Building Regulation approval.
