Planning Issues :

1) Impact upon neighbouring properties
2) Impact upon the street scene.

Application Number: F/2000/2993

Appraisal:

The proposed development is for a single storey side extension to form a conservatory. It would be 4.3m wide, 3.5m deep and have a hipped roof, 2.3m to the eves and 3.4m to the ridge.

The property is detached, with a 1.8m fence along its boundary with 66 Scots Drive and the highway of Scots Drive and a 2m high wall with decorative block work to the highway of Walter Road (see photograph).

1. Impact upon neighbouring properties

It is not considered that there would be any adverse effects upon neighbouring properties as the conservatory would be set away from the boundaries, is single storey with a hipped roof (which takes the massing away from the boundary).

2. Impact upon the character of the streetscene

The conservatory would be visible from Walter Road and Scots Drive but would largely be screened by the existing 2m high brick wall to Walter Road and the 1.8m fence to Scots Drive. The materials used would match existing and it is therefore considered that there would be no adverse effects upon the character of the street scene.
