

242067 OBJECTION

Paul Millar

Tape Lane, Hurst, RG10 0DP

I would like to object to planning proposal for Tape Lane fields. I had hoped that the previous rejection was so firm and absolute that this proposal would never resurface again. The village of Hurst is peaceful and rural and has very little infrastructure. The fields themselves flood badly every winter. They are home to beautiful horses as well as hedgehogs and birds. Both Tape Lane and Lodge Road suffer from differing traffic concerns (one is for residents only).

Please do firmly reject this plan - it is unworkable, unwelcome and unnecessary
