

250368 British Museum CONSULTATION RESPONSE from Berkshire Archaeology

**250368 British Museum Archaeological Research Collection (Arc) Facility Land Off Cutbush Lane
Shinfield RG2 9AA**

Thank you for consulting Berkshire Archaeology re the above application

I have reviewed the proposal and can confirm that no archaeological mitigation will be required for this development, due to previous investigations nearby and locations of underground utilities.

Note, any further proposals for this wider area will still need archaeological consideration.

Kind regards
