

PLANNING REF : 242011
PROPERTY ADDRESS : Rhododendrons
: Warren Lane, Wokingham, Berkshire
: RG40 4HS
SUBMITTED BY : Mr Sanjay Mohan
DATE SUBMITTED : 23/09/2024

COMMENTS:

The existing entrance to the site is on Warren lane and the application details a much larger entrance being created than exists currently, with gravel to allow ongoing vehicular access. This will lead to increased noise which will affect the residents and change the visual nature of the countryside and likely to increase vehicular traffic through the warren lane there by disturbing the residents. This site is adjacent to Warren Lodge residential care home, it is likely that the residents will be subject to both the noise generated by the site and the view of the site due to the removal of trees, hedges and shrubs and the residents may also be subjected to disturbance because of increase in vehicular movement.
