COMMENTS:

Whilst I am not opposed to a new school as there is clearly a need, I am concerned about the lack of infrastructure in the area. The roads are already not fit for purpose, the give way junction with Hyde End Lane and Ryeish Lane is still so dangerous, cars fly over the junction, not looking for pedestrians. You have oncoming cars in the middle of the road going around the parked cars, and there is still no path on Ryeish Lane. This problem will be increased dramatically with school traffic. I am also not sure there is enough parking provision in the plan. In addition, if the whole piece of land is not going to be a school, this should be a green space and not more congested housing.
