NOTIFICATION OF APPROVAL OF PLANNING PERMISSION

Application Number: 252252
Applicant Name: Mr Zubair Hussain
Site Address: L'ortolan Restaurant, Church Lane, Shinfield,
Wokingham, RG2 9BY
Proposal: Householder application for the proposed erection of a rooftop extension with terrace decking and a single storey rear extension to the existing main building, alterations to the fenestration and internal layout, the erection of a detached 1.5 storey garage with incidental first-floor accommodation, a single storey storage outbuilding, pergola and entrance gate together with landscaping and parking alterations, following the demolition of the existing single- storey rear extension.
Date of Decision: 24 March 2026

Wokingham Borough Council in pursuance of its powers under the above Acts and Regulations hereby **grants permission** for the above development to be carried out as stated in the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

Conditions and Reasons

1. Timescale - The development hereby permitted shall be begun before the expiration of three years from the date of this permission.
Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004).
2. Approved details - This permission is in respect of the submitted application plans and drawings numbered:

- P18, P19, P20, P21, P22, P26, P27, P28, CL/01, CL/02 and CL/04 received by the local planning authority on 8 December 2025;
- P10 revB, P11 revB and P12 revA received on 4 February 2026; and
- P13 revC, P14 revB, P15 revC, P16 revC and P17 revA received on 2 March 2026.

The development shall be carried out in accordance with the approved details unless other minor variations are agreed in writing after the date of this permission and before implementation with the Local Planning Authority.

Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

3. External materials - Before the development hereby permitted is commenced, samples and details for all external materials and finishes to be used in the construction of the development shall have first been submitted to and approved in writing by the local planning authority. The details shall include the bricks, mortar mix (along with pointing finish to brickwork) and roof covering. Development shall not be carried out other than in accordance with the so- approved details.

Reason: To ensure that the external appearance of the development is satisfactory.

Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment), Core Strategy policies CP1 & CP3 and Managing Development Delivery Local Plan policies TB24 and TB26.

4. Protection of trees - a) No development or other operation shall commence on site until an Arboricultural Method Statement and Scheme of Works which provides for the retention and protection of trees, shrubs and hedges growing on or adjacent to the site in accordance with BS5837: 2012 has been submitted to and approved in writing by the local planning authority. No development or other operations shall take place except in complete accordance with the details as so-approved (hereinafter referred to as the Approved Scheme).

b) No operations shall commence on site in connection with development hereby approved (including any tree felling, tree pruning, demolition works, soil moving, temporary access construction and or widening or any other operation involving use of motorised vehicles or construction machinery) until the tree protection works required by the Approved Scheme are in place on site.

c) No excavations for services, storage of materials or machinery, parking of vehicles, deposit or excavation of soil or rubble, lighting of fires or disposal of liquids shall take place within an area designated as being fenced off or otherwise protected in the Approved Scheme.

d) The fencing or other works which are part of the Approved Scheme shall not be moved or removed, temporarily or otherwise, until all works including external works have been completed and all equipment, machinery and surplus materials removed from the site, unless the prior approval in writing of the local planning authority has first been sought and obtained.

Reason: To secure the protection throughout the time that the development is being carried out of trees shrubs or hedges growing within or adjacent to the site which are of amenity value to the area, and to allow for verification by the local planning authority that the necessary measures are in place before development and other works commence. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21.

5. Landscaping - Prior to the commencement of the development there shall be submitted to and approved in writing by the local planning authority a scheme of landscaping, which shall specify species, planting sizes, spacing and numbers of trees/shrubs to be planted, and any existing trees or shrubs to be retained.

Planting shall be carried out in accordance with the approved details in the first planting and seeding seasons following the occupation of the development.

Any trees or plants which, within a period of 5 years from the date of the planting (or within a period of 5 years of the occupation of the buildings in the case of retained trees and shrubs) die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species or otherwise as approved in writing by the local planning authority.

Reason: To ensure adequate planting in the interests of visual amenity. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21.

6. Archaeological investigation - A) Prior to the commencement of the approved works relating to the approved detached 1.5 storey garage and single storey storage outbuilding shown on drawings P26, P27 and P28 only, a programme of archaeological work, including a Written Scheme of Investigation (WSI) shall be submitted to, and approved by, the local planning authority in writing. The WSI shall include an assessment of significance and research questions; and:

- The programme and methodology of site investigation and recording - The programme for post investigation assessment
- Provision to be made for analysis of the site investigation and recording
- Provision to be made for publication and dissemination of the analysis and records of the site investigation
- Provision to be made for archive deposition of the analysis and records of the site investigation
- Nomination of a competent person or persons/organisation to undertake the works set out within the WSI.

B) The Development shall take place in accordance with the WSI approved under condition (A). The development shall not be occupied until the site investigation and post investigation assessment has been completed in accordance with the programme set out in the WSI approved under condition (A) and the provision made for analysis, publication and dissemination of results and archive deposition has been secured.

Reason: The site lies in an area of archaeological potential, particularly for, but not limited to, Medieval remains. The potential impacts of the development can be mitigated through a programme of archaeological work. Relevant policy: NPPF Paragraph 218 and Managing Development Delivery Local Plan policy TB25.

7. Roof gable end brick work - Notwithstanding the approved details, no works to construct the brick gable ends of the new roof structure shall take place until details of their construction have been submitted to and approved in writing by the local planning authority. The brick gable ends shall thereafter be constructed strictly in accordance with the approved details.

Reason: Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16

(Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

8. Chimney stack works - Notwithstanding the approved details, no works to alter or extend the existing chimney stacks shall take place until further details have been submitted to and approved in writing by the local planning authority. The details shall include scaled drawings, at an appropriate scale, showing the design of the top of the chimney stack and details of any chimney pots, where proposed. The works shall thereafter be carried out strictly in accordance with the approved details.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

9. Masonry walling works - Notwithstanding the approved details, no alteration of an existing opening or formation of a new opening hereby approved shall take place until further details have been submitted to and approved in writing by the local planning authority. The details shall include a methodology for the proposed works and scaled drawings, at an appropriate scale, showing the form and height of the openings in context with the adjacent walling, floor and ceiling. The works shall thereafter be carried out strictly in accordance with the approved details.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

10. Windows, roof lantern, roof-lights & exterior door details - Notwithstanding the approved details, no new and/or replacement windows or exterior doors shall be installed until detailed drawings and specifications have been submitted to and approved in writing by the local planning authority. The details shall include:

- Scaled drawings, at either 1:10 or 1:20 scale, of the windows and exterior doors, shown in plan and in vertical and horizontal cross sections;
- Moulding details for frames and glazing bars, shown at 1:1 or 1:2 scale, as appropriate;
- Annotated proposed elevations and/or floor plans, cross referenced to each window and exterior door; and
- Details of materials and finishes to the window and exterior door frames.

The new and/or replacement windows and exterior doors shall thereafter be installed strictly in accordance with the approved details.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

11. Rainwater goods - Notwithstanding the approved details, no new and/or replacement rainwater goods shall be installed until further details have been submitted to and approved in writing by the local planning authority. The details shall include the location, form, materials and finish of the rainwater goods. The new and/or replacement rainwater goods shall thereafter be installed strictly in accordance with the approved details.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

12. Re-pointing - No re-pointing of the external brickwork shall be carried out until [and other than for] a discreet sample area showing the proposed mortar composition and colour and method of pointing has been prepared on-site and approved in writing by the local planning authority. The works shall thereafter be undertaken strictly in accordance with the approved details.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

13. External lighting - Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re enacting that Order with or without modification), no external lighting shall be installed on the site or affixed to any buildings on the site unless a detailed external lighting scheme has been submitted to and approved in writing by the Local Planning Authority. The scheme shall include details of the location, height, type, direction and intensity of light sources and shall be supported by appropriate contour plans and technical specifications to demonstrate that any areas to be lit will not disturb or adversely affect biodiversity. The lighting shall thereafter be installed and maintained strictly in accordance with the approved details.

Reason: In the interests of biodiversity protection and enhancement. Relevant policy: NPPF Section 15 (Conserving and Enhancing the Natural Environment), Core Strategy policies CP3, CP7 and MDD Local Plan policy TB23.

14. Ancillary accommodation - The 1.5 storey garage hereby approved shall be used as ancillary accommodation to the main dwellinghouse and the dwelling shall remain in use as a single dwellinghouse and not be used, sold or sub-let as separate dwellings.

Reason: A separate unit of accommodation of this nature may not be acceptable in this location in the interests of the amenities, character of the area and highway safety in accordance with Core Strategy Policies CP1, CP3, CP4, and Managing Development Delivery Local Plan Policies CC01, CC07, TB07.

Informatives

1. Please note that if the works carried out depart from the scope of this planning permission and a retrospective application under Section 73A is subsequently required, there may be CIL liability implications. The scope of any retrospective planning application will cover the chargeable development for the purposes of CIL, this will include past works that are unauthorised and any additional future works included within the planning permission. If the total floorspace of these works is over 100sqm, they will be liable to pay CIL. In such cases, no CIL exemption can be claimed, and payment will become due immediately as development for which planning permission is granted under a subsequent Section 73A or Section 177(1) application must be treated as commencing on the day any such planning

permission is granted. Any demolished floorspace will not be able to be considered for offsetting if the relevant building is not on the land on the day that the permission is granted.

2. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received. This planning application has been the subject of positive and proactive discussions with the applicant in terms of:

- a full pre-application process was undertaken by the applicant; - addressing concerns relating to heritage assets, design and ecology.

The decision to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF is considered to be a positive outcome of these discussions.

3. Whilst it would appear from the application that the proposed development is to be entirely within the curtilage of the application site, the granting of planning permission does not authorise you to gain access or carry out any works on, over or under your neighbour's land or property without first obtaining their consent, and does not obviate the need for compliance with the requirements of the Party Wall etc. Act 1996.

4. Where this permission requires further details to be submitted for approval, the information must formally be submitted to the Council for consideration with the relevant fee. Once details have been approved in writing the development should be carried out only in accordance with those details. If this is not clear please contact the case officer to discuss.

5. The applicant is reminded that should there be any change from the approved drawings during the build of the development this may require a fresh planning application if the changes differ materially from the approved details. Non-material changes may be formalised by way of an application under s.96A Town and Country Planning Act 1990.

6. Bats are a protected species under the Conservation of Habitats and Species Regulations 2017 (as amended). Should any bats or evidence of bats be found prior to or during the development, all works must stop immediately and an ecological consultant contacted for further advice before works can proceed. All contractors working on site should be made aware of the advice and provided with the contact details of a relevant ecological consultant.

Signed

Justin Turvey
Head of Development Management - Place & Growth
Date: 24 March 2026

PLEASE READ THE NOTES ISSUED WITH THIS DECISION NOTICE BELOW

WOKINGHAM BOROUGH COUNCIL

TOWN AND COUNTRY PLANNING ACTS TOWN AND COUNTRY PLANNING (ENGLAND) 1990

Other statutory legislation: This decision notice relates to the above stated acts and regulations only and does not constitute approval under any other legislation.

The Town & Country Planning (Development Management Procedure) Order: This decision has been made in accordance with the requirements of the National Planning Policy Framework (NPPF) and in the requirement to work with the applicant in a positive and proactive manner.

Officer Report: An officer report explaining the decision will be available to view online.

Purchase notices: If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council which will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter I of Part VI of the Town and Country Planning Act 1990.

Appeals to the Secretary of State: If your application has been **refused** by the Borough Council or **granted subject to conditions** that you are not happy with, you have the right to appeal to the Planning Inspectorate (under Section 78 of the Town and Country Planning Act 1990). This must be within the timeframes set out below. Please note an extension of time for lodging an appeal is unlikely to be granted except in special circumstances.

12 weeks from the decision date above in the case of a refusal of a 'householder' application:
Being the refusal of an application for planning permission to alter or extend a house, or for works within the curtilage of a house; or,
Being the refusal to approve details submitted as required by a condition imposed on a permission granted for a householder application.

12 weeks from the decision date above in the case of a refusal of a 'minor commercial' application:
Being the refusal of an application for development of an existing building or part of a building currently in use for purposes in Use Classes A1, A2, A3, A4 and A5

where the proposal does not include a change of use, a change to the number of units, development that is not wholly at ground floor level and/or does not increase the gross internal area of the building.

6 months from the decision date above in the case of all other appeals made under s78(1) or s20 of the above Acts relating to a decision on a planning application or listed building/conservation area consent application.

6 months from the decision date above in the case of any appeal made under s78 (2) of the Act in respect of a failure to give a decision within the statutory period.

The Planning Inspectorate is an Executive Agency reporting to the Secretary of State for Communities and Local Government. The Inspectorate has an online appeals service with information and guidance about the process. You can submit [full application appeals](#) and [householder application appeals](#) with the new appeals service. [Other application types](#) should be submitted on the current appeal service. Alternatively, you can obtain a form from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, 0303 444 5000 or through the [Inspectorate's website](#). Please note all documents will be published online by the Planning Inspectorate and therefore you should not include personal information you do not wish to be displayed in this way. This includes personal information of third parties.

In the event of a grant of planning permission, please note the following:

Community Infrastructure Levy (CIL): When planning permission is granted for a development that is CIL the Council will issue a liability notice as soon as practicable after the day on which the planning permission first permits development. Completing 'Form 2', the assumption of liability notice, is a statutory requirement for the liable party(ies) to be completed for all CIL liable applications. Advice on how the Regulations may impact you and how you can properly discharge the relevant legal requirements including paying any relevant CIL charge that may be due is available on our [Community Infrastructure Levy advice \(wokingham.gov.uk\)](http://wokingham.gov.uk) website pages.

Discharge of Conditions: This consent may contain conditions that require further approval by submission of an application for approval of details reserved by condition and the appropriate fee. Application forms can be obtained for this purpose by visiting the [Planning Portal](#).

Street Naming and Numbering for new dwellings: If this notice relates to approval of new dwellings, please ensure that you contact the Council at least 16 weeks before the commencement on site to arrange for an address and post code to be allocated. Details can be obtained from streetnamingandnumbering@wokingham.gov.uk. Failure to contact the street naming and numbering department at least 16 weeks before commencement on site will result in the addressing and post code for the development being delayed.

Access to privately owned land: The applicant is reminded that this permission does not give right of entry to land not in the ownership of the applicant. Permission must be sought from any other landowner(s) if access is required.

Gas Mains and Services: Building over a gas main or service that is located within your site could cause damage to pipework or potential gas leaks within buildings. You should check for information relating to services within your site at [Home - LinesearchbeforeUdig \(lsbud.co.uk\)](http://Home-LinesearchbeforeUdig.lsbud.co.uk) and contact the Plant Protection Team at SGN on 0800 912 1722 or plantlocation@sgn.co.uk. If necessary, contact National Gas Transmission for high pressure gas pipelines on box.assetprotection@nationalgas.com or 0800 970 7000.

Building Regulations: The development subject to this permission may also require Building Regulation approval to ensure it is built to national safety, design, and environmental standards. The Council's Local Authority Building Control (LABC) service offers a full range of plan approval, inspection, and associated services through an ISO9001 nationally accredited team of qualified building surveyors. These surveyors work closely with the Council's planning department to ensure the appropriate construction of your build. To find out more visit the Council's [Building Control website](#) or call 0300 790 0580 to speak to a member of the team.

Fire Regulations: In accordance with the Berkshire Act 1986, when Building Regulation applications are submitted for building(s) or extensions, the Local Authority will reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show the following:

- i) That there will be adequate means of access for the fire brigade to the building(s) or the extended building(s); and,
- ii) That the building(s) or extension(s) will not render inadequate any existing means of access for the fire brigade to a neighbouring building.

Biodiversity Net Gain: The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition “(the biodiversity gain condition)” that development may not begin unless:

- a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be Wokingham Borough Council.

Biodiversity Net Gain Exemptions and Transitional Arrangements: There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are set out in [paragraph 17 of Schedule 7A of the Town and Country Planning Act 1990](#) the [Biodiversity](#)

[Gain Requirements \(Exemptions\) Regulations 2024](#), and [The Environment Act 2021 \(Commencement No. 8 and Transitional Provisions\) Regulations 2024](#).

Biodiversity Net Gain Irreplaceable Habitat: If the onsite habitat includes irreplaceable habitat (within the meaning of [The Biodiversity Gain Requirements \(Irreplaceable Habitat\) Regulations 2024](#)) there are additional requirements. The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

Biodiversity Net Gain Section 73(2D): If planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 (application to develop land without compliance with conditions previously attached) and a Biodiversity Gain Plan was approved in relation to the previous planning permission (“the earlier Biodiversity Gain Plan”) there are circumstances when the earlier Biodiversity Gain Plan is regarded as approved for the purpose of discharging the biodiversity gain condition subject to which the section 73 planning permission is granted. Those circumstances are that the conditions subject to which the section 73 permission is granted:

- i. do not affect the post-development value of the onsite habitat as specified in the earlier Biodiversity Gain Plan, and
- ii. in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat the conditions do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier Biodiversity Gain Plan.

Biodiversity Net Gain Phase Development: If the permission which has been granted has the effect of requiring or permitting the development to proceed in phases, the modifications in respect of the biodiversity gain condition which are set out in Part 2 of [The Biodiversity Gain \(Town and Country Planning\) \(Modifications and Amendments\) \(England\) Regulations 2024](#) apply. In summary: Biodiversity gain plans are required to be submitted to, and approved by, the planning authority before development may be begun (the overall plan), and before each phase of development may be begun (phase plans).
