COMMENTS:

My family and I strongly object to this proposed extension. The studios are noisy and not fitting with local aesthetic. There is a significant impact to the local community, in terms of visual disgust and noise nuisance. We were told this would be gone at a specific time and this was a big selling point for us when we bought our property here.

You are our council. We moved to you on the provision that this eyesore building was going in the next couple of years. We spent hundreds of thousands of pounds to relocate and I would value that the information we were given at the time be respected. This building must go... It is not nice and the income which will be generated by new properties and residents will be much more beneficial to the area. Wokingham has sufficient filming studios already - this is a former military site. Please destroy it.
