Dear Mr Webster,

TREE PRESERVATION ORDER NUMBER: 1060/2004
APPLICATION NUMBER: 252198
LOCATION: LAND ADJACENT TO 18 HEATHERDENE AVENUE, CROWTHORNE,
WOKINGHAM, RG45 6AA

I am writing to you regarding your application to carry out works to protected tree(s), which was received on 13 September 2025 and validated on the 15 September 2025.

I can confirm Wokingham Borough Council **consents with conditions**, to the following work being carried out to tree(s) included in the above-mentioned Tree Preservation Orders (TPO):

Approved works to Single 2 of TPO 1060/2004:

T2, Oak:

- Fell to ground level.

Reasons stated for works:

located on the land outside number 18 Heatherdene Avenue, Crowthorne. The tree is approximately 10 meters in height with a crown spread of 4 meters, a trunk girth of 550 mm at 1.5 meters from ground level. There is evidence of damage to the base of the tree at ground level and as a result approximately 350 mm across and 1.2 meters in height where the bark has delaminated and the cambium layer has died. There are signs of decay and evidence of boring insects. The canopy is sparse of foliage and there is some significant deadwood present within the canopy. Due to the proximity of T2 to the larger Oak and T2 ability to reach the road and private property I recommend T2 be removed down to ground level. This action will remove any further risk caused by the tree's decline and eventual failure and help promote the adjacent Oak tree

The consent is granted subject to the following conditions:

1. The above works must be completed before **10 November 2027** and in the event of the works not being completed by that date, further consent will be required.
2. Work must be carried out in accordance with British Standard 3998 – 2010 'Tree work - Recommendations'.

Reasons for conditions 1-2...

1. To ensure that our records remain accurate.
2. To ensure the health, safety and visual amenity of the tree(s).

Informative:

If you are aggrieved by any of the conditions attached to your consent, you may appeal to The Planning Inspectorate (PINS). Because of coronavirus (COVID-19), you currently can only make a planning appeal online. You cannot currently apply by post.

For more information go to:

<https://www.gov.uk/government/publications/tree-preservation-order-appeal-form>

Telephone: 0303 444 5570 or e-mail it to: treeandhedgeappeals@planninginspectorate.gov.uk

Your appeal should be received within one month of receipt of this decision or any such longer period as the Planning Inspectorate may allow.

You are advised that this letter is in respect of the **Tree Preservation Order only** and it does not imply that consent would be forthcoming from the owner of the tree(s) or any such other persons from whom consent would be required.

If we can be of any further assistance, please contact the Tree and Landscape Officer via email to: development.control@wokingham.gov.uk

Yours sincerely,

Chris Hannington
Trees and Landscape Team Manager

cc. Applicant - Mrs Cathrine Welsh, 16 Heatherdene Avenue, Crowthorne, Wokingham, RG45 6AA

Please note that your attention is drawn to the following information:

Bird Nesting Season and Presence of Bat Roosts

In accordance with the Wildlife and Countryside Act (1981) and Countryside Rights of Way Act (2000), consideration must be given to the timing and type of tree work operations, to avoid causing disturbance to any nesting birds or bat roosts that may be present within the tree(s).

The Act makes it an offence (subject to exceptions) to intentionally kill, injure, or take, possess, or trade in any wild animal listed, and prohibits interference with places used for shelter or protection, or intentionally disturbing animals occupying such places.

It is advised that all non-urgent major tree work and hedge cutting operations are undertaken at a time to avoid disturbing nesting birds during the breeding season (to which the bird nesting season is considered to be from March to July). Where bats are suspected to be present, it is recommended that advice first be sought from a licenced bat specialist and if appropriate, the relevant licence(s) be obtained before any major tree work or hedge cutting commences.

Forestry Act 1967 and Felling Licences

If it proposed to fell a tree or trees greater than 5 cubic metres or sell more than 2 cubic metres of timber in any calendar quarter, a Felling Licence from the Forestry Authority may be required.

Please note that Felling Licences are not required to remove trees from domestic (residential) gardens. Where you are the landowner of large pieces of land with numerous trees, clarification from the Forestry Commission may be required as to whether a Felling licence is needed.

For more information on Felling Licences, please speak to the Woodland Officer at the Forestry Commission on 01296 696543

Further Information can be found on the Forestry Commission Website:
www.forestry.gov.uk
