

The bus service is not up to moving all those people as they would have a good $\frac{1}{2}$ mile to a bus stop. Then all round the houses to Wokingham or Reading who has the time to sit on a bus that long.

Most houses will have at least 2 cars so more traffic very where to get to shops.

Yours Sincerely,

MRS PHYLLIS WICKS.

WOKINGHAM

APPLICATION NO 261059. RE #14TS

LAND SOUTH OF LANGLEY COMMON RD ARBORFIELD

Dear Sirs

Don't you think we've got out quota of housing in Wokingham and Basingstoke district.

Our roads can't cope with what traffic we have now. without more.

This application there will have no green space between Arborfield and Basingstoke and where will the wildlife end up (on the roads to cause more accidents and be killed).

We're short of medical care as it is so 660 new houses will just cripple it more as well as schools are pushed to educate now without more children.

P.T.O.
