COMMENTS:

I object to this revised plan, my comments from my previous objection still stand.

This is a village, introducing 38 additional dwellings on such a small plot is out of keeping with the rest of the village.

This plot of land was designated in the Finchampstead development plan as a boundary between Berkshire and Hampshire and that it should NOT be built on.

It is too close to the nature reserve and prone to flooding.

We do not have the infrastructure to support this many new homes, the school is too small and there is no public transport.

This would inevitably have street lights which will add to light pollution.

New houses are still in development in Arborfield Green and Finch Wood Park which have public transport available, these houses will serve the demand in the local area.
