COMMENTS:

I object to this application, not only because it is out of line with the Finchampstead Neighbourhood Development Plan, but also because of the problems it will cause to the residents of Warren Lodge Care home and other local residents by:

- * additional noise during the development phase of the site and ongoing noise from additional traffic coming and going from the site
- * danger from traffic coming and going from the new access point on a bend on Finchampstead road where visibility is poor - and from an enlarged access point on Warren Lane, where Warren Lodge residents may be walking
- * a significant change to the look of the area, with deciduous woodland being replaced by caravans and mobile homes which will be visible from Finchampstead Road, Warren Lane and the care home
