The details provided on this drawing must be read in conjunction with the developer guidelines and all other design and construction specifications. In the event of a discrepancy or contradiction it should be raised with your representative prior to any construction works taking place. The position of existing mains is given for guidance only and, as such, no liability can be accepted by TriConnex for any damage caused to, nor any injury sustained as a result of interference with such apparatus. Before any onsite works commence an up to date copy of the relevant utilities records must be obtained.

11/07/25	Parcel 19: Pavilion and Alutis connections added and site drainage. Phase 44S - MUG 2003661 moved towards boundary, new site added with no change to design. TBS up 870 moved and tied existing on 860 to avoid drainage.	BC	K
10/06/25	Parcel 16 added to design, see new cloud.	B8	K
09/06/25	Parcel 5 mains arranged on other side of road, CLJ T004171, CLJ T004172, plots 979-980 allocated to BA and CLJ T004167, plots 988-911 allocated to park CLJ T004168.	BA	K
17/05/25	Parcel 5 mains arranged to avoid Visitors Parking bays, and services moved out of correspondence parking for other plots.	AZ	K
