COMMENTS:

I would like to object to this application on the grounds that this is already a very busy and congested road. The erection of 3 houses would create more noise and pollution with each house potentially having 2 cars each going in and out, creating more traffic, congestion and noise.

Also, the site is not big enough for 3 houses, each house will not have enough space for a garden, this proposal seems to be overly motivated by financial gain and it will not improve the vicinity.
