COMMENTS:

The Planning & Community Committee have considered this application. They noted that this was a revised application, with the application originally sent to the Council earlier in the year and considered by the Committee in February – to which, no objections were raised. However, the Committee could only see newly proposed plans submitted in May and could not see any plans from earlier in the year, so were unable to consider what the changes were. Whilst the Committee did not submit any objections, they did note a concern that a two-storey extension projecting forward of the front elevation was out of character with the street scene.
