COMMENTS:

We have no objections regarding the plans for the extension. However, I believe that entrance shown in plans for a new driveway will lead to a change of use of the unadopted parcel of land bounded by access to Wokingham Free Church Burial Ground and neighbouring properties. We have used that land as parking unhindered for 10 years without obstructing access to the driveways and private access roads to other properties and the burial ground, this change of use is likely to restrict our existing right to park safely.
