COMMENTS:

If this is to go ahead, please consider the residents of Millworth Lane who have to put up with parking outside their drives and even parking on drives already! PLEASE put double yellow lines in the lane to enable us to get in to our own properties and use our drives. My parents had to pay to have the lane made up some years ago which seems to have been forgotten and ambulances have difficulty accessing properties when there is an emergency. Also, could a traffic calming measure be put in place to make the lane safer.
