COMMENTS:

The submission of the revised plans was received with thanks.
Good to see path has gone. Thank you very much for hearing the
complaints on this matter.

My objections relate to missing information from the new submission.
There is insufficient details on the planting schemes and
maintenance of the open spaces including the buffers to assess if
the proposals can be supported.

My second objection relates to the housing splits and the density of
the social housing within the scheme. I request WBC to review the
reserved matters application against its own Core Strategy and the
recently approved Charvil Neighbourhood Plan to determine if the
plans to concentrate the housing in one area of the scheme is
compliant.
