

PLANNING REF : 252782
PROPERTY ADDRESS : 28 Old Bath Road
: 28 Old Bath Roa Old Bath Road, Charvil, Wokingham, Berkshire
: RG10 9QR
SUBMITTED BY : Mrs Caron Cartmell
DATE SUBMITTED : 01/12/2025

COMMENTS:

This planning would be catastrophic to local nature reserve and cannot be allowed to go ahead. I absolutely object to these plans for the following reasons:

Dangerous entrance at a sharp bend with poor sight for vehicles travelling up the road which means it would be very dangerous and stop the flow of traffic each time a tanker needs to enter and exit.

It would increase pollution in the local area and on the roads.

It would be dangerous for my children to travel up the A4 on their bikes which is their mode and route to and from school.

The site which is on a flood plain is concerning given its locality to the wetlands nature reserve and any spill would be disastrous to the local population of wild birds that the reserve aims to protect.

This cannot be allowed to go ahead, is absolutely not in keeping with previous usage of the site and should absolutely be refused planning.
