COMMENTS:

I have lived in Hurst Parish for 24 years. I object to this application as it would ruin a very rural area and significantly impact this part of the parish. It certainly would not enhance the look and feel of this established green part of the Parish. This is a lovely greenfield site which is outside the Development Limit of the Parish and village of Hurst. It was deemed as unsuitable for the last Local Plan by the council and I note it has not been included in the new draft Local Plan that is being voted on by the council on September 19th so this speculative application should be deemed unsuitable now. This application would result in even more traffic problems in the local area and the proposed Mini bus is not a sustainable service and the proposed bus changes are not sufficient.
