Appraisal:

Development
The proposed is for a single storey rear extension to form a conservatory. The site is a detached bungalow located within the identified settlement of Woodley. The property has already been extended to the rear. The proposed conservatory would be 3.5m wide, 2.3m long with a mono pitch roof and a maximum height of 2.7m.

1) Impact upon the neighbours
The proposed conservatory would be set away from the boundaries with neighbouring properties. A 1.8m fence with vegetation encloses the site to the rear. No.68 has a flat roof single storey extension up to the side boundary, there are no overlooking windows. There are two storey houses to the rear at a distance of at least 35m. It is considered that there would be no adverse impacts in terms of overlooking, overshadowing and overbearing.

2) Impact upon the character of the street scene
No part of the proposed would be visible from the front of the house. It is therefore considered that there would be no adverse impact upon the character of the street scene.
