COMMENTS:

I am very concerned about the addition of more housing in the area, as the current infrastructure in the area. There are currently not enough public services to meet the demands of the current population of this area, so adding more housing would be disastrous.

Furthermore, the environmental impact regarding flooding and wildlife is a serious concern.

Hyde End Road struggles with the current traffic, and is not wide enough to be fit for purpose in places.

Please focus on local improvements for current residents before adding more people.
