NOTIFICATION OF APPROVAL OF PLANNING PERMISSION

Application Number: 243228
Applicant Name: C/O Agent
Site Address: Reddam House, Bearwood Road, Sindlesham,
Wokingham, RG41 5BG
Proposal: Full application for the proposed erection of 1 no.
two storey building to form a boarding house with
associated plant equipment, landscaping, highway
and other related works, following demolition of
existing outbuildings.
Date of Decision: 4 July 2025

Wokingham Borough Council in pursuance of its powers under the above Acts and Regulations hereby **grants permission** for the above development to be carried out as stated in the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

Conditions and Reasons

1. Timescale - The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004).

2. Approved details - This permission is in respect of the submitted application plans and drawings numbered/titled:

- RDH - HAP - ZZ - ZZ - DR - A - PL00002 – Site Plan (received 23/12/2024)
- RDH - HAP - ZZ - ZZ - DR - A - PL00003 – Site Zoning Plan (received 23/12/2024)
- RDH - HAP - ZZ - XX - DR - A - PL32001 – GA Sections Sheet 01 (received 23/12/2024)

- RDH - HAP - ZZ - XX - DR - A - PL32002 – GA Sections Sheet 02 - (received 23/12/2024)
- RDH - HAP - ZZ - XX - DR - A - PL31001 – Demolition Sections Sheet 01 (received 23/12/2024)
- RDH - HAP - ZZ - XX - DR - A - PL31002 – Demolition Sections Sheet 02 (received 23/12/2024)
- RDH - HAP - ZZ - XX - DR - A - PL21001 – Demolition Elevations (received 23/12/2024)
- RDH - HAP - ZZ - XX - DR - A - PL22001 – GA Elevations (received 23/12/2024)
- RDH - HAP - ZZ - RF - DR - A - PL12002 – GA Plan Roof (received 23/12/2024)
- RDH - HAP - ZZ - 00 - DR - A - PL12000 – GA Plan Ground Floor (received 23/12/2024)
- RDH - HAP - ZZ - 01 - DR - A - PL12001 – GA Plan First Floor (received 23/12/2024)
- RDH - HAP - ZZ - ZZ - DR - A - PL00001 – Location Plan (received 03/04/2025)
- 0363-BDL-XX-XX-DR-L-0001-P02 – Landscape Plan (received 03/04/2025)
- RDH - HAP - ZZ - 00 - DR - A - PL11000 – Demolition Plan Ground Floor (received 03/04/2025)
- RDH - HAP - DD - ZZ - DR - A – 72000 – Security Strategy Site Plan (received 03/04/2025)
- RDH - HAP - ZZ - 00 - DR - A – 72001 – Security Strategy Ground Floor (received 03/04/2025)
- RDH - HAP - DD - ZZ - DR - A – 00004 – School Grounds Plan (received 03/04/2025)
- 0363-BDL-XX-XX-DR-L-0005-P06 – Tree and Vegetation Retention and Removal (received 03/04/2025)
- 0363-BDL-XX-XX-DR-L-0803-P02 – Illustrative Soft Landscape Plan (received 11/04/2025)
- 0363-BDL-XX-XX-DR-L-0802-P02 - Illustrative Hard Landscape Plan (received 11/04/2025)
- 0363-BDL-XX-XX-DR-L-0804-P05 – Illustrative Landscape Site Section (received 11/04/2025)
- 0363-BDL-XX-XX-DR-L-0808-P02 – Illustrative Landscape Masterplan – Roof Level (received 11/04/2025)
- 0363-BDL-XX-XX-DR-L-0801-P07 - Illustrative Landscape Masterplan – Ground Floor Level (received 11/04/2025)
- 2240000 -EWP-ZZ - 00 -SK - S – 0001 Revision P5 - Proposed Drainage Layout (received 01/05/2025)
- Arboricultural Impact Assessment [WSP, UK-UK0027658.3423_RH_ARB_AIA_002, December 2024] (received 23/12/2024) - Bat Survey Report [Ethos Environmental Planning, 24th June 2025] (received 25/06/2025)

The development shall be carried out in accordance with the approved details unless other minor variations are agreed in writing after the date of this permission and before implementation with the Local Planning Authority.

Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

3. External materials - Prior to works proceeding above slab level, samples and details of the materials to be used in the construction of the external surfaces of the building/s shall have first been submitted to and approved in writing by the local planning authority. Development shall not be carried out other than in accordance with the so-approved details.

Reason: To ensure that the external appearance of the building is satisfactory.

Relevant policy: Core Strategy policies CP1, CP3 & CP11 and Managing Development Delivery policy TB24.

4. A landscape and ecological management plan (LEMP) for all areas of open space shall be submitted to, and be approved in writing by, the local planning authority prior commencement of the development. The content of the LEMP shall include the following:

- a) Description and evaluation of features to be managed.
- b) Ecological trends and constraints on site that might influence management.
- c) Aims and objectives of management.
- d) Appropriate management options for achieving aims and objectives.
- e) Prescriptions for management actions.
- f) Details of the body/organization/landowner(s) or others responsible for implementation of the plan.
- g) Ongoing monitoring and remedial measures.

The plan shall set out (where the results from monitoring show that conservation aims and objectives of the LEMP are not being met) how contingencies and/or remedial action will be identified, agreed and implemented so that the development still delivers the fully functioning biodiversity objectives of the originally approved scheme. The approved plan will be implemented in accordance with the approved details.

Reason: In the interests of safeguarding green infrastructure and biodiversity.

Relevant policies: Core Strategy policies CP1, CP3 & CP7, Managing Development Delivery Local Plan policies CC03 & TL23 and the National Planning Policy Framework.

5. No development shall take place until full details of the drainage system for the site have been submitted to and approved in writing by the LPA. The details shall include:

- 1. BRE 365 test results demonstrating whether infiltration is achievable or not.
- 2. Groundwater monitoring confirming seasonal high groundwater levels in the area.
- 3. The state of the receiving ditch demonstration its receiving capacity.
- 4. A final drainage strategy plan indicating the location and sizing of drainage features.

The approved scheme shall be implemented prior to the first occupation of the development and shall be maintained in the approved form for as long as the development remains on the site.

Reason: This is to prevent increased flood risk from surface water run-off. Relevant policy: NPPF (2023) Section 14 (Meeting the Challenge of Climate Change, Flooding and Coastal Change), Core Strategy policy CP1 and Managing Development Delivery Local Plan policies CC09 and CC10.

6. Prior to the commencement of development, a Construction Method Statement has been submitted to, and approved in writing by, the local planning authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:

- i) the parking of vehicles of site operatives and visitors,
- ii) loading and unloading of plant and materials,
- iii) storage of plant and materials used in constructing the development,
- iv) the erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate,
- v) wheel washing facilities,
- vi) measures to control the emission of dust and dirt during construction,
- vii) a scheme for recycling/disposing of waste resulting from demolition and construction works.
- viii) The location and timing of sensitive works to avoid harm to biodiversity features and trees/vegetation on and adjacent to the site.

Reason: In the interests of highway safety & convenience and neighbour amenities. Relevant policy: Core Strategy policies CP3 & CP6.

7. Prior to the commencement of the development there shall be submitted to and approved in writing by the local planning authority a Great Crested Newt Precautionary Working Methods Statement (GCNPWMS), which shall detail reasonable avoidance measures to safeguard individual great crested newts from harm during the development. The development shall be carried out in accordance with the approved details within the GCNPWMS.

Reason: To minimise the impacts of development on biodiversity, in accordance with Policy CP7 of Wokingham Borough Council's Core Strategy, Section 15 of the NPPF, Circular 06/2005 and the Natural Environment and Rural Communities Act 2006

8. Prior to works proceeding above slab level, full details of both hard and soft landscape proposals shall be submitted to and approved in writing by the local planning authority. These details shall include, as appropriate, proposed finished floor levels or contours, means of enclosure, car parking layouts, other vehicle and pedestrian access and circulation areas and hard surfacing materials. Soft landscaping details shall include planting plan, specification (including cultivation and other operations associated with plant and grass establishment), schedules of plants, noting species, planting sizes and proposed numbers/densities where appropriate, and implementation timetable.

All hard and soft landscape works shall be carried out in accordance with the approved details prior to the occupation of any part of the development or in accordance with a timetable approved in writing by the local planning authority. Any trees or plants which, within a period of five years after planting, are removed, die or become seriously damaged or defective, shall be replaced in the next planting

season with others of species, size and number as originally approved and permanently retained.

Reason: In the interests of visual amenity. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21.

9. (a) Prior to construction work proceeding above slab level, a Design Stage Certificate for each building comprised in the development, shall be submitted to and approved in writing by the Local Planning Authority. The Design Stage Certificate shall be prepared by a suitably qualified assessor and shall demonstrate that that the building(s) will achieve a minimum BREEAM (or equivalent) rating of 'Excellent'.

(b) Within six months of the occupation of each of the building comprised in the development, a Post-Construction Certificate in respect of that building shall be submitted to and approved in writing by the Local Planning Authority. The Post Development Certificate shall be prepared by a suitably qualified assessor and shall demonstrate that the building achieved compliance with BREEAM (or equivalent) rating of 'Excellent' as a minimum.

Reason: To ensure developments contribute to sustainable development. Relevant Policies: Chapter 14 of the NPPF (Meeting the challenge of climate change, flooding and coastal change), Wokingham Borough Core Strategy Policy CP1, Managing Development Delivery Local Plan Policies CC04 and CC05, and the Sustainable Design and Construction Supplementary Planning Document 2010).

10. Prior to works proceeding above slab level, a scheme demonstrating that at least 10% of the reduction in carbon emissions will be achieved through renewable energy or low carbon technology shall be submitted to and approved in writing by the Local Planning Authority. The minimum 10% reduction so required shall be achieved on top of the levels of reduction in carbon emissions required through the Building Regulations in force at the time of the submission of planning application. The approved scheme shall be implemented before the development is first brought into use and shall remain operational for the lifetime of the development.

Reason: To ensure developments contribute to sustainable development. Relevant Policies: Chapter 14 of the NPPF (Meeting the challenge of climate change, flooding and coastal change), Wokingham Borough Core Strategy Policy CP1, Managing Development Delivery Local Plan Policy CC05, and the Sustainable Design and Construction Supplementary Planning Document (2010).

11. Prior to the installation of the lighting hereby approved, a biodiversity-sensitive lighting strategy shall be submitted to and approved in writing by the local planning authority. The strategy shall address the following:

- identify those areas/features on site that are particularly sensitive for bats and birds and that are likely to cause disturbance in or around their breeding sites and resting places or along routes used to access key areas of their territory, for example, for foraging; and
- show how and where external lighting will be installed (through the provision of appropriate lighting contour plans and technical specifications) so that it can be clearly demonstrated that areas to be lit will not disturb or prevent the above species using their territory or having access to their breeding sites and resting places.

All external lighting shall be installed in accordance with the specifications and locations set out in the strategy, and these shall be maintained thereafter in accordance with the strategy. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

Reason: To ensure that biodiversity, protected and priority species are not adversely affected by the proposals. Relevant policy: NPPF paragraph 198 Section 15 (Conserving and Enhancing the Natural Environment), Core Strategy policies CP1, CP3, CP6 & CP11 and Managing Development Delivery Local Plan policy TB23.

12. Prior to the occupation of the development, a School Travel Plan shall be submitted to and approved in writing by the local planning authority. The travel plan shall include a programme of implementation and proposals to promote alternative forms of transport to and from the site, other than by the private car and provide for periodic review. The travel plan shall be fully implemented, maintained and reviewed as so-approved.

Reason: To encourage the use of all travel modes. Relevant policy: NPPF Section 9 (Sustainable Transport) and Core Strategy policy CP6.

13. Prior to the occupation of the development, details of biodiversity enhancements (pursuant of the recommendations outlined in the Phase 2 Bat Survey – Ethos Environmental Planning – 24th June 2025) shall be submitted to and approved in writing by the council. The biodiversity enhancements shall thereafter be installed as approved.

Reason: To incorporate biodiversity in and around developments in accordance with the National Planning Policy Framework.

14. No building shall be occupied until secure and covered parking for cycles has been provided in accordance with the approved drawing (s)/details. The cycle parking/ storage shall be permanently so- retained for the parking of bicycles and used for no other purpose.

Reason: In order to ensure that secure weather-proof bicycle parking facilities are provided so as to encourage the use of sustainable modes of travel. Relevant policy: NPPF Section 9 (Sustainable Transport) and Core Strategy policies CP1, CP3 & CP6 and Managing Development Delivery Local Plan policy CC07.

15. No part of any building(s) hereby permitted shall be occupied or used until the vehicle parking and turning space has been provided in accordance with the approved plans. The vehicle parking and turning space shall be retained and maintained in accordance with the approved details and the parking space shall remain available for the parking of vehicles at all times and the turning space shall not be used for any other purpose other than vehicle turning.

Reason: To provide adequate off-street vehicle parking and turning space and to allow vehicles to enter and leave the site in a forward gear in the interests of road safety and convenience and providing a functional, accessible and safe development and in the interests of amenity. Relevant policy: Core Strategy policies CP3 & CP6 and Managing Development Delivery Local Plan policy CC07.

16. No trees, shrubs or hedges within the site which are shown as being retained on the approved plans shall be felled, uprooted wilfully damaged or destroyed, cut back in any way or removed without previous written consent of the local planning

authority; any trees, shrubs or hedges removed without consent or dying or being severely damaged or becoming seriously diseased within 5 years from the completion of the development hereby permitted shall be replaced with trees, shrubs or hedge plants of similar size and species unless the local planning authority gives written consent to any variation.

Reason: To secure the protection throughout the time that development is being carried out, of trees, shrubs and hedges growing within the site which are of amenity value to the area. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21

17. a) No development or other operations shall take place except in complete accordance with the with the Arboricultural Impact Assessment [WSP, UK-UK0027658.3423_RH_ARB_AIA_002] (hereinafter referred to as the Approved Scheme).

b) No operations shall commence on site in connection with development hereby approved (including any tree felling, tree pruning, demolition works, soil moving, temporary access construction and or widening or any other operation involving use of motorised vehicles or construction machinery) until the tree protection works required by the Approved Scheme are in place on site.

c) No excavations for services, storage of materials or machinery, parking of vehicles, deposit or excavation of soil or rubble, lighting of fires or disposal of liquids shall take place within an area designated as being fenced off or otherwise protected in the Approved Scheme.

d) The fencing or other works which are part of the Approved Scheme shall not be moved or removed, temporarily or otherwise, until all works including external works have been completed and all equipment, machinery and surplus materials removed from the site, unless the prior approval in writing of the local planning authority has first been sought and obtained.

Reason: To secure the protection throughout the time that the development is being carried out of trees shrubs or hedges growing within or adjacent to the site which are of amenity value to the area, and to allow for verification by the local planning authority that the necessary measures are in place before development and other works commence Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21

18. No removal of vegetation or works to buildings or structures that may be used by breeding birds shall take place between 1st March and 31st August inclusive unless a qualified ecologist has undertaken an on- site assessment of the vegetation for active birds' nests prior to works commencing.

Reason: To ensure breeding birds are not adversely harmed by the proposals. Relevant Policy: CP7.

19. The total number of pupils inhabiting the boarding house hereby approved shall not exceed 100 at any one time.

Reason: In the interests of highway safety in accordance with Wokingham Borough Core Strategy Policies CP1 and CP6.

20. No work relating to the development hereby approved, including works of demolition or preparation prior to building operations, shall take place other than between the hours of 08:00 and 18:00 Monday to Friday and 08:00 to 13:00 Saturdays and at no time on Sundays or Bank or National Holidays.

Reason: To protect the occupiers of neighbouring properties from noise and disturbance outside the permitted hours during the construction period. Relevant policy: Core Strategy policies CP1 and CP3 and Managing Development Delivery Local Plan policy CC06.

Informatives

1. Please note that if the works carried out depart from the scope of this planning permission and a retrospective application under Section 73A is subsequently required, there may be CIL liability implications. The scope of any retrospective planning application will cover the chargeable development for the purposes of CIL, this will include past works that are unauthorised and any additional future works included within the planning permission. If the total floorspace of these works is over 100sqm, they will be liable to pay CIL. In such cases, no CIL exemption can be claimed, and payment will become due immediately as development for which planning permission is granted under a subsequent Section 73A or Section 177(1) application must be treated as commencing on the day any such planning permission is granted. Any demolished floorspace will not be able to be considered for offsetting if the relevant building is not on the land on the day that the permission is granted.

2. As of 2nd April 2024, a 10% Biodiversity net gain (BNG) for minor developments is required under a statutory framework introduced by Schedule 7A of the Town and Country Planning Act 1990 (inserted by the Environment Act 2021). Under the statutory framework for biodiversity net gain, this planning permission is deemed to have been granted subject to the condition that the biodiversity gain objective is met (the biodiversity gain condition).

The biodiversity gain condition is a pre-commencement condition: once planning permission has been granted, a Biodiversity Gain Plan must be submitted and approved by the planning authority before commencement of the development.

3. Bats are a protected species under the Conservation of Habitats and Species Regulations 2017 (as amended). Should any bats or evidence of bats be found prior to or during the development, all works must stop immediately and an ecological consultant contacted for further advice before works can proceed. All contractors working on site should be made aware of the advice and provided with the contact details of a relevant ecological consultant.

4. The applicant is reminded that, under the Conservation of Habitats and Species Regulations 2017 (as amended) and the Wildlife and Countryside Act 1981 (as amended), it is an offence to (amongst other things): deliberately capture, disturb, injure, or kill great crested newts; damage or destroy a breeding or resting place; intentionally or recklessly obstruct access to a resting or sheltering place. Planning permission for a development does not provide a defence against prosecution under this legislation. Should great crested newts be found at any stage of the development works, then all works should cease, and a professional and/or suitably qualified and experienced ecologist (or Natural England) should be contacted for advice on any special precautions before continuing, including the need for a licence.

5. The applicant is reminded that this approval is granted subject to conditions which must be complied with prior to the development starting on site. Commencement of the development without complying with the pre-commencement requirements may be outside the terms of this permission and liable to enforcement action. The information required should be formally submitted to the Council for consideration with the relevant fee. Once the details have been approved in writing the development should be carried out only in accordance with those details. If this is not clear please contact the case officer to discuss.

6. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received. This planning application has been the subject of positive and proactive discussions with the applicant in terms of:

- amended plans being submitted by the applicant to overcome concerns relating to arboricultural, ecological and highways matters.

The decision to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF is considered to be a positive outcome of these discussions.

Signed

Brian Conlon
Head of Development Management - Place & Growth
Date: 4 July 2025

PLEASE READ THE NOTES ISSUED WITH THIS DECISION NOTICE BELOW

WOKINGHAM BOROUGH COUNCIL

TOWN AND COUNTRY PLANNING ACTS TOWN AND COUNTRY PLANNING (ENGLAND) 1990

Other statutory legislation: This decision notice relates to the above stated acts and regulations only and does not constitute approval under any other legislation.

The Town & Country Planning (Development Management Procedure) Order: This decision has been made in accordance with the requirements of the National Planning Policy Framework (NPPF) and in the requirement to work with the applicant in a positive and proactive manner.

Officer Report: An officer report explaining the decision will be available to view online.

Purchase notices: If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council which will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter I of Part VI of the Town and Country Planning Act 1990.

Appeals to the Secretary of State: If your application has been **refused** by the Borough Council or **granted subject to conditions** that you are not happy with, you have the right to appeal to the Planning Inspectorate (under Section 78 of the Town and Country Planning Act 1990). This must be within the timeframes set out below. Please note an extension of time for lodging an appeal is unlikely to be granted except in special circumstances.

12 weeks from the decision date above in the case of a refusal of a 'householder' application:
Being the refusal of an application for planning permission to alter or extend a house, or for works within the curtilage of a house; or,
Being the refusal to approve details submitted as required by a condition imposed on a permission granted for a householder application.

12 weeks from the decision date above in the case of a refusal of a 'minor commercial' application:
Being the refusal of an application for development of an existing building or part of a building currently in use for purposes in Use Classes A1, A2, A3, A4 and A5

where the proposal does not include a change of use, a change to the number of units, development that is not wholly at ground floor level and/or does not increase the gross internal area of the building.

6 months from the decision date above in the case of all other appeals made under s78(1) or s20 of the above Acts relating to a decision on a planning application or listed building/conservation area consent application.

6 months from the decision date above in the case of any appeal made under s78 (2) of the Act in respect of a failure to give a decision within the statutory period.

The Planning Inspectorate is an Executive Agency reporting to the Secretary of State for Communities and Local Government. The Inspectorate has an online appeals service with information and guidance about the process. You can submit [full application appeals](#) and [householder application appeals](#) with the new appeals service. [Other application types](#) should be submitted on the current appeal service. Alternatively, you can obtain a form from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, 0303 444 5000 or through the [Inspectorate's website](#). Please note all documents will be published online by the Planning Inspectorate and therefore you should not include personal information you do not wish to be displayed in this way. This includes personal information of third parties.

In the event of a grant of planning permission, please note the following:

Community Infrastructure Levy (CIL): When planning permission is granted for a development that is CIL the Council will issue a liability notice as soon as practicable after the day on which the planning permission first permits development. Completing 'Form 2', the assumption of liability notice, is a statutory requirement for the liable party(ies) to be completed for all CIL liable applications. Advice on how the Regulations may impact you and how you can properly discharge the relevant legal requirements including paying any relevant CIL charge that may be due is available on our [Community Infrastructure Levy advice \(wokingham.gov.uk\)](http://wokingham.gov.uk) website pages.

Discharge of Conditions: This consent may contain conditions that require further approval by submission of an application for approval of details reserved by condition and the appropriate fee. Application forms can be obtained for this purpose by visiting the [Planning Portal](#).

Street Naming and Numbering for new dwellings: If this notice relates to approval of new dwellings, please ensure that you contact the Council at least 16 weeks before the commencement on site to arrange for an address and post code to be allocated. Details can be obtained from streetnamingandnumbering@wokingham.gov.uk. Failure to contact the street naming and numbering department at least 16 weeks before commencement on site will result in the addressing and post code for the development being delayed.

Access to privately owned land: The applicant is reminded that this permission does not give right of entry to land not in the ownership of the applicant. Permission must be sought from any other landowner(s) if access is required.

Gas Mains and Services: Building over a gas main or service that is located within your site could cause damage to pipework or potential gas leaks within buildings. You should check for information relating to services within your site at [Home - LinesearchbeforeUdig \(lsbud.co.uk\)](http://Home-LinesearchbeforeUdig.lsbud.co.uk) and contact the Plant Protection Team at SGN on 0800 912 1722 or plantlocation@sgn.co.uk.

Building Regulations: The development subject to this permission may also require Building Regulation approval to ensure it is built to national safety, design, and environmental standards. The Council's Local Authority Building Control (LABC) service offers a full range of plan approval, inspection, and associated services through an ISO9001 nationally accredited team of qualified building surveyors. These surveyors work closely with the Council's planning department to ensure the appropriate construction of your build. To find out more visit the Council's [Building Control website](#) or call 0300 790 0580 to speak to a member of the team.

Fire Regulations: In accordance with the Berkshire Act 1986, when Building Regulation applications are submitted for building(s) or extensions, the Local Authority will reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show the following:

- i) That there will be adequate means of access for the fire brigade to the building(s) or the extended building(s); and,
- ii) That the building(s) or extension(s) will not render inadequate any existing means of access for the fire brigade to a neighbouring building.

Biodiversity Net Gain: The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition “(the biodiversity gain condition)” that development may not begin unless:

- a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be Wokingham Borough Council.

Biodiversity Net Gain Exemptions and Transitional Arrangements: There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are set out in [paragraph 17 of Schedule 7A of the Town and Country Planning Act 1990](#) the [Biodiversity Gain Requirements \(Exemptions\) Regulations 2024](#), and [The Environment Act 2021 \(Commencement No. 8 and Transitional Provisions\) Regulations 2024](#).

Biodiversity Net Gain Irreplaceable Habitat: If the onsite habitat includes irreplaceable habitat (within the meaning of [The Biodiversity Gain Requirements \(Irreplaceable Habitat\) Regulations 2024](#)) there are additional requirements. The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

Biodiversity Net Gain Section 73(2D): If planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 (application to develop land without compliance with conditions previously attached) and a Biodiversity Gain Plan was approved in relation to the previous planning permission (“the earlier Biodiversity Gain Plan”) there are circumstances when the earlier Biodiversity Gain Plan is regarded as approved for the purpose of discharging the biodiversity gain condition subject to which the section 73 planning permission is granted. Those circumstances are that the conditions subject to which the section 73 permission is granted:

- i. do not affect the post-development value of the onsite habitat as specified in the earlier Biodiversity Gain Plan, and
- ii. in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat the conditions do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier Biodiversity Gain Plan.

Biodiversity Net Gain Phase Development: If the permission which has been granted has the effect of requiring or permitting the development to proceed in phases, the modifications in respect of the biodiversity gain condition which are set out in Part 2 of [The Biodiversity Gain \(Town and Country Planning\) \(Modifications and Amendments\) \(England\) Regulations 2024](#) apply. In summary: Biodiversity gain plans are required to be submitted to, and approved by, the planning authority before development may be begun (the overall plan), and before each phase of development may be begun (phase plans).
