COMMENTS:

Th facilities alat Milworth Lane are fantastic. The grass is on even ground,.ideal for teenagers to play football in the winter months on the 9 aside and 11 aside pitches and cricket for all in the summer. If these facilities were to change how will our ever increasing football community manage. We are already struggling to find sufficient playing fields. Milworth lane is part of the community. Many parents live local and walk to the football fixtures and are happy with the existing park. There is no need to change its use

.
