Application Number: DEM/2001/5009

Appraisal :

Demolition consent required as it would involve a building last used for residential purposes. Remaining part of site now vacant used previously as a scrapyard with associated car repairs.

Relevant planning history: Complex planning history including 2 appeals dismissed for redevelopment of site in 1989/90. In 1991 an appeal for redevelopment of site for B1 use was allowed (33960). This outline consent has been renewed 3 times the latest being in Aug 2000 (VAL/2000/1641). Permission has also been granted for the rebuilding/extn. to existing workshops (64018). This permission will expire 31.12.2001. Therefore there are 2 schemes which could be currently implemented. There is also a current pl. applg. F/2001/43774 for a revised office development scheme which has not yet been determined.

Impact on neighbouring residential properties:
Immediately adjoining the site is St. Annes Manor Hotel although the building itself is 75 m+ from the site boundary and other residential properties Sandlea Farm and the gatehouse at the entrance to St. Annes are located in excess of 100m from the site and therefore the proposed demolition of the buildings on site would not adversely affect those residents.

No objection raised to proposed method of demolition.
