

251170 Finchwood Park, Sheerlands Road, Arborfield - consultation response from Berkshire Archaeology

Many thanks for consulting us on this discharge of conditions application.

Archaeological investigations have been carried out within these parcels, and a report from Wessex Archaeology has been previously submitted. As noted in the heritage statement accompanying this application, the evaluation trenching that was carried out satisfactorily demonstrates that no archaeological assets are present in this area that require further mitigation; therefore we recommend that the condition pertaining to archaeology could be discharged for parcels 11 and 12

I trust this suits but if there are any queries about these recommendations then please do not hesitate to contact me direct
