Comments On Proposal

The plan indicates no increase in the number of habitable rooms. As the existing garage does not fully meet the council's requirement for car parking, there will be no loss of parking space. The existing driveway and carport are retained.

It is therefore expected that there will be no additional demand for car parking and no reduction in parking provisions.

The garage has been removed from the proposal. Alternative cycle storage provision shall be identified when discharging the condition.

Conditions & Reasons (if required)

1. CF9 - CYCLE PARKING (TO BE APPROVED)
