COMMENTS:

I object to this application.

This land is liable to flooding and is too close to the new conservation area .

There are no amenities for the existing locals , eg pavements to encourage walking to the nearest shops , 1.5 miles away .

Little/ nearly non existent public transport so cars are essential and the surrounding roads are dangerous enough without another 80 or so cars using them in a daily basis There are plenty of other developments going up locally and this one is not needed .
