COMMENTS:

Before anyone can comment there is a vital part of the information missing. In the letter from Red Kite it mentions a document being attached setting out the variation sought in relation to the Housing Association but this is not included in the documents - in fact none of the documents are included. Please provide.

"I attach a document setting out the Variation sought. While I am confident that it is clear and to the point I am open to modest amendments you may wish to suggest to ensure clarity and deliverability. No alterations are proposed to any other part of the Agreement."
