NOTIFICATION OF APPROVAL OF PLANNING PERMISSION

Application Number: 243207
Applicant Name: Mr George Peck
Site Address: Stanford End Farm, Barge Lane, Swallowfield,
Wokingham, RG7 1SY
Proposal: Full application for the proposed erection of a single
storey extension to the existing dwelling following
demolition of existing structures, facilitated through a
partial change of use, with landscaping and changes
to fenestration, plus the installation of a new sewage
treatment plant with associated drainage works.
Date of Decision: 1 April 2026

Wokingham Borough Council in pursuance of its powers under the above Acts and Regulations hereby **grants permission** for the above development to be carried out as stated in the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

Conditions and Reasons

1. Timescale

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004).

2. Approved details

This permission is in respect of the submitted application plans and drawings numbered (5793 1210 E), (5793 1211 C), (5793 1310 C), (5793 1311 D), (5793 1312 C), (5793 1102 E), (5793 1100 G), (5793-1212 E), (5793-1213 B) & (5793-1214 C), received by the local planning authority on 20/12/2024, 29/01/2025, 30/01/2025 &

24/10/2025. The development shall be carried out in accordance with the approved details unless otherwise agreed in writing by the local planning authority.

Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

3. External materials

Before the development hereby permitted is commenced, samples and details of the materials to be used in the construction of the external surfaces of the building/s shall have first been submitted to and approved in writing by the local planning authority. Development shall not be carried out other than in accordance with the so-approved details.

Reason: To ensure that the external appearance of the building is satisfactory.

Relevant policy: Core Strategy policies CP1 and CP3.

4. Notwithstanding the details submitted, prior to the commencement of the hereby approved scheme of works to alter and have enlarged the historic farmhouse to form a modern large dwelling, a full programme of structural repairs to the historic farmhouse is to be submitted to and approved in writing by the local planning authority. Details will identify the location where structural repairs are required, the reason why the works are required along details setting out the nature and extent of the repairs to be undertaken. The repair works shall then be undertaken in accordance with the details as approved.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

5. Detailed drawings

The works hereby permitted shall not commence, including any works of demolition and/or stripping out, until detailed drawings and schedules showing all those parts of the building to be removed, dismantled or stripped out [including the removal of internal features, floors, and wall or ceiling surfaces] have been submitted to and approved in writing by the local planning authority. The works shall thereafter be undertaken in accordance with the approved details.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

6. Further details required

Prior to the commencement of works hereby granted consent the following details are to be submitted to and approved in writing by the local planning authority. The works shall then be undertaken in accordance with the details as approved.

- a) A Schedule for Repair Works for the farmhouse, to included details of the means to be used, with it to be clearly shown where such works would be taken out,
- b) Schedule detailing works and the methodology for basement to deal with damp and timber structure within the basement,
- c) Methodology for the formation of the new rear first-floor window opening,

d) Details that confirm any existing floor structure and/or ceiling which is to be replaced, with their location identified on floor plans along with what the replacement would be.

e) Full details of all measures to introduce thermal insulation measures to the walls, flooring, ceilings and roof.

Reason: To help ensure the satisfactory control of the work to the listed building in order to safeguard its special architectural or historic interest. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

7. External brickwork

Any areas of external brickwork required to be re-instated in accordance with the approved plans shall match the existing brickwork, with bricks of the colour, face finish and size as the existing, along with the brick bond, pointing (mortar mix, colour and finish).

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

8. New Window & Door Joinery Details

Notwithstanding the details submitted, no works shall take place to install the hereby permitted new window(s) and door(s), until such time as full joinery details have been submitted to and approved in writing by the local planning authority. Details are to include: • 1:10 or 1:20 scaled drawings of the new window(s)/exterior door (s)/roof-lights, along with vertical and horizontal cross-section • Profile drawings at 1:1 or 1:2 scale of the glazing bar and frame moulding details.

- Profile drawings at 1:1 or 1:2 scale for door frames and thresholds.
- Material for new windows frames and doors to be stated.
- Details as to means of securing the glazing i.e., (linseed oil) putty or with beading.
- External finishes to be stated.

Installation of the new window(s) and/or door(s) is to then be undertaken in accordance with the details as approved.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

9. Details of boundary walls and fences

Before the development hereby permitted is commenced details of all boundary treatments (including gates) shall first be submitted to and approved in writing by the local planning authority. The approved scheme shall be implemented prior to the first occupation of the development or phased as agreed in writing by the local planning authority. The scheme shall be maintained in the approved form for so long as the development remains on the site.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

10. No works affecting bat roosts shall commence on site until a licence for development works affecting bats has been obtained and an email from Natural England stating that the site has been registered under the Bat Mitigation Class Licence has been submitted to and approved in writing the local planning authority. Thereafter mitigation measures approved in the licence shall be maintained in accordance with the approved details.

Reason: To ensure that protected and priority species are not adversely affected by the proposals. Relevant policy: NPPF, Local Plan Core Strategy policies CP3 and CP7 and Managing Development Delivery Local Plan policy TB23.

11. A) No development shall take place/commence until a programme of archaeological work, including a Written Scheme of Investigation (WSI) has been submitted to, and approved by, the local planning authority in writing.

The WSI shall include an assessment of significance and research questions; and:

1. The programme and methodology of site investigation and recording
2. The programme for post investigation assessment
3. Provision to be made for analysis of the site investigation and recording
4. Provision to be made for publication and dissemination of the analysis and records of the site investigation
5. Provision to be made for archive deposition of the analysis and records of the site investigation
6. Nomination of a competent person or persons/organisation to undertake the works set out within the WSI.

B) The Development shall take place in accordance with the WSI approved under condition (A).

The development shall not be occupied until the site investigation and post investigation assessment has been completed in accordance with the programme set out in the WSI approved under condition (A) and the provision made for analysis, publication and dissemination of results and archive deposition has been secured.

Reason: The site lies in an area of archaeological potential, particularly for, but not limited to, Prehistoric and Medieval remains. The potential impacts of the development can be mitigated through a programme of archaeological work. This is in accordance with national and local plan policy.

12. Landscaping

The development hereby approved shall be carried out in accordance with the Landscape and Visual Impact Assessment (June 2025), carried out by Goodger Design Associates. Landscaping shall be undertaken in accordance with the drawings 471/04, 471/05 & 471/06.

Planting shall be carried out in accordance with the approved details in the first planting and seeding seasons following the occupation of the building(s).

Any trees or plants which, within a period of 5 years from the date of the planting (or within a period of 5 years of the occupation of the buildings in the case of retained trees and shrubs) die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species or otherwise as approved in writing by the local planning authority.

Reason: To ensure adequate planting in the interests of visual amenity. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21 (and TB06 for garden development).

13. Parking to be provided

No part of any building(s) hereby permitted shall be occupied or used until the vehicle parking space has been provided in accordance with the approved plans. The vehicle parking space shall be permanently maintained and remain available for the parking of vehicles at all times.

Reason: To ensure adequate on-site parking provision in the interests of highway safety, convenience and amenity. Relevant policy: Core Strategy policies CP3 & CP6 and Managing Development Delivery Local Plan policy CC07.

Informatives

1. Please note that if the works carried out depart from the scope of this planning permission and a retrospective application under Section 73A is subsequently required, there may be CIL liability implications. The scope of any retrospective planning application will cover the chargeable development for the purposes of CIL, this will include past works that are unauthorised and any additional future works included within the planning permission. If the total floorspace of these works is over 100sqm, they will be liable to pay CIL. In such cases, no CIL exemption can be claimed, and payment will become due immediately as development for which planning permission is granted under a subsequent Section 73A or Section 177(1) application must be treated as commencing on the day any such planning permission is granted. Any demolished floorspace will not be able to be considered for offsetting if the relevant building is not on the land on the day that the permission is granted.

2. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF.

3. Whilst it would appear from the application that the proposed development is to be entirely within the curtilage of the application site, the granting of planning permission does not authorise you to gain access or carry out any works on, over or under your neighbour's land or property without first obtaining their consent, and does not obviate the need for compliance with the requirements of the Party Wall etc. Act 1996.

4. The applicant is reminded that should there be any change from the approved drawings during the build of the development this may require a fresh planning application if the changes differ materially from the approved details. Non-material changes may be formalised by way of an application under s.96A Town and Country Planning Act 1990.

5. The development hereby permitted is liable to pay the Community Infrastructure Levy. The Liability Notice issued by Wokingham Borough Council will state the current chargeable amount. A revised Liability Notice will be issued if this amount changes. Anyone can formally assume liability to pay, but if no one does so then liability will rest with the landowner. There are certain legal requirements that must be complied with. For instance, whoever will pay the levy must submit an

Assumption of Liability form and a Commencement Notice to Wokingham Borough Council prior to commencement of development, failure to do this will result in penalty surcharges being added. For more information see the Council's website - Community Infrastructure Levy advice page. Please submit all CIL forms and enquiries to developer.contributions@wokingham.gov.uk.

6. The applicant is reminded that they need to apply for Ordinary Watercourse Consent, via floodriskdc@wokingham.gov.uk to connect the downpipe into the river.

7. The applicant is reminded that they will require a Flood Risk Activity Permit (FRAP) from the Environment Agency for the drainage works.

8. Works affecting the existing slate stone shelves and flooring within the pantry would require separate Listed Building Consent.

PLEASE READ THE NOTES ISSUED WITH THIS DECISION NOTICE BELOW

WOKINGHAM BOROUGH COUNCIL

TOWN AND COUNTRY PLANNING ACTS TOWN AND COUNTRY PLANNING (ENGLAND) 1990

Other statutory legislation: This decision notice relates to the above stated acts and regulations only and does not constitute approval under any other legislation.

The Town & Country Planning (Development Management Procedure) Order: This decision has been made in accordance with the requirements of the National Planning Policy Framework (NPPF) and in the requirement to work with the applicant in a positive and proactive manner.

Officer Report: An officer report explaining the decision will be available to view online.

Purchase notices: If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council which will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter I of Part VI of the Town and Country Planning Act 1990.

Appeals to the Secretary of State: If your application has been **refused** by the Borough Council or **granted subject to conditions** that you are not happy with, you have the right to appeal to the Planning Inspectorate (under Section 78 of the Town and Country Planning Act 1990). This must be within the timeframes set out below. Please note an extension of time for lodging an appeal is unlikely to be granted except in special circumstances.

12 weeks from the decision date above in the case of a refusal of a 'householder' application:
Being the refusal of an application for planning permission to alter or extend a house, or for works within the curtilage of a house; or,
Being the refusal to approve details submitted as required by a condition imposed on a permission granted for a householder application.

12 weeks from the decision date above in the case of a refusal of a 'minor commercial' application:
Being the refusal of an application for development of an existing building or part of a building currently in use for purposes in Use Classes A1, A2, A3, A4 and A5

where the proposal does not include a change of use, a change to the number of units, development that is not wholly at ground floor level and/or does not increase the gross internal area of the building.

6 months from the decision date above in the case of all other appeals made under s78(1) or s20 of the above Acts relating to a decision on a planning application or listed building/conservation area consent application.

6 months from the decision date above in the case of any appeal made under s78 (2) of the Act in respect of a failure to give a decision within the statutory period.

The Planning Inspectorate is an Executive Agency reporting to the Secretary of State for Communities and Local Government. The Inspectorate has an online appeals service with information and guidance about the process. You can submit [full application appeals](#) and [householder application appeals](#) with the new appeals service. [Other application types](#) should be submitted on the current appeal service. Alternatively, you can obtain a form from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, 0303 444 5000 or through the [Inspectorate's website](#). Please note all documents will be published online by the Planning Inspectorate and therefore you should not include personal information you do not wish to be displayed in this way. This includes personal information of third parties.

In the event of a grant of planning permission, please note the following:

Community Infrastructure Levy (CIL): When planning permission is granted for a development that is CIL the Council will issue a liability notice as soon as practicable after the day on which the planning permission first permits development. Completing 'Form 2', the assumption of liability notice, is a statutory requirement for the liable party(ies) to be completed for all CIL liable applications. Advice on how the Regulations may impact you and how you can properly discharge the relevant legal requirements including paying any relevant CIL charge that may be due is available on our [Community Infrastructure Levy advice \(wokingham.gov.uk\)](http://wokingham.gov.uk) website pages.

Discharge of Conditions: This consent may contain conditions that require further approval by submission of an application for approval of details reserved by condition and the appropriate fee. Application forms can be obtained for this purpose by visiting the [Planning Portal](#).

Street Naming and Numbering for new dwellings: If this notice relates to approval of new dwellings, please ensure that you contact the Council at least 16 weeks before the commencement on site to arrange for an address and post code to be allocated. Details can be obtained from streetnamingandnumbering@wokingham.gov.uk. Failure to contact the street naming and numbering department at least 16 weeks before commencement on site will result in the addressing and post code for the development being delayed.

Access to privately owned land: The applicant is reminded that this permission does not give right of entry to land not in the ownership of the applicant. Permission must be sought from any other landowner(s) if access is required.

Gas Mains and Services: Building over a gas main or service that is located within your site could cause damage to pipework or potential gas leaks within buildings. You should check for information relating to services within your site at [Home - LinesearchbeforeUdig \(lsbud.co.uk\)](http://Home-LinesearchbeforeUdig.lsbud.co.uk) and contact the Plant Protection Team at SGN on 0800 912 1722 or plantlocation@sgn.co.uk. If necessary, contact National Gas Transmission for high pressure gas pipelines on box.assetprotection@nationalgas.com or 0800 970 7000.

Building Regulations: The development subject to this permission may also require Building Regulation approval to ensure it is built to national safety, design, and environmental standards. The Council's Local Authority Building Control (LABC) service offers a full range of plan approval, inspection, and associated services through an ISO9001 nationally accredited team of qualified building surveyors. These surveyors work closely with the Council's planning department to ensure the appropriate construction of your build. To find out more visit the Council's [Building Control website](#) or call 0300 790 0580 to speak to a member of the team.

Fire Regulations: In accordance with the Berkshire Act 1986, when Building Regulation applications are submitted for building(s) or extensions, the Local Authority will reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show the following:

- i) That there will be adequate means of access for the fire brigade to the building(s) or the extended building(s); and,
- ii) That the building(s) or extension(s) will not render inadequate any existing means of access for the fire brigade to a neighbouring building.

Biodiversity Net Gain: The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition “(the biodiversity gain condition)” that development may not begin unless:

- a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be Wokingham Borough Council.

Biodiversity Net Gain Exemptions and Transitional Arrangements: There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are set out in [paragraph 17 of Schedule 7A of the Town and Country Planning Act 1990](#) the [Biodiversity](#)

[Gain Requirements \(Exemptions\) Regulations 2024](#), and [The Environment Act 2021 \(Commencement No. 8 and Transitional Provisions\) Regulations 2024](#).

Biodiversity Net Gain Irreplaceable Habitat: If the onsite habitat includes irreplaceable habitat (within the meaning of [The Biodiversity Gain Requirements \(Irreplaceable Habitat\) Regulations 2024](#)) there are additional requirements. The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

Biodiversity Net Gain Section 73(2D): If planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 (application to develop land without compliance with conditions previously attached) and a Biodiversity Gain Plan was approved in relation to the previous planning permission (“the earlier Biodiversity Gain Plan”) there are circumstances when the earlier Biodiversity Gain Plan is regarded as approved for the purpose of discharging the biodiversity gain condition subject to which the section 73 planning permission is granted. Those circumstances are that the conditions subject to which the section 73 permission is granted:

- i. do not affect the post-development value of the onsite habitat as specified in the earlier Biodiversity Gain Plan, and
- ii. in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat the conditions do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier Biodiversity Gain Plan.

Biodiversity Net Gain Phase Development: If the permission which has been granted has the effect of requiring or permitting the development to proceed in phases, the modifications in respect of the biodiversity gain condition which are set out in Part 2 of [The Biodiversity Gain \(Town and Country Planning\) \(Modifications and Amendments\) \(England\) Regulations 2024](#) apply. In summary: Biodiversity gain plans are required to be submitted to, and approved by, the planning authority before development may be begun (the overall plan), and before each phase of development may be begun (phase plans).
