COMMENTS:

Absolutely no objection to the proposed building changes.
For the record and this has been discussed with the owner of
Sarandi. As we are semi detached to this property and the plans show
alterations that are part of our party wall we would like to ensure
a party wall award (agreement) is put in place that will stay
with our property/ies in the interest of any plans in the future to
sell.

We are asking that this meets the 'weathered' expectations of the
changes, mainly being waterproofed.

Again, we have no objection, and further to our conversations with
the owners we are aware this is being looked at.

Thank you
