Planning Issues :

1) Impact upon neighbouring properties

2) Impact upon street scene.

Application Number: F/2001/5478

Appraisal:

The proposed development is for two single storey rear extensions to form two conservatories. The property is a detached bungalow with a detached garage and a 1.8m fence and mature trees enclosing the rear garden.

The conservatories would both infill areas to the rear of the house, and both would extend beyond the rear of the existing house by 2.4m, one would be 4m wide and the other 5.5m wide. Both would have pitched roofs, 2.4m to the eaves and 3.8m to the ridge.

1. Impact upon neighbouring properties

The proposed developments are single storey in nature, and are set well away from the boundaries; it is therefore considered that there would be no adverse impact upon neighbouring properties.

2. Impact upon the street scene

The proposed development would not be visible from Woodlands Avenue, is designed to be in keeping with the existing dwelling and the materials used would match existing; as such there would be no adverse effects upon the character of the street scene.
