COMMENTS:

It's important to realise that the development application is reliant on gaining access to a small parcel of land off Old Forest Road. This road has already been the subject of concern during recent years due to the speeding of vehicles and surveys conducted by Wokingham council to ascertain public opinion regarding options to reduce this .However , none of these options were ever implemented.

This latest proposal will necessitate enlarging the entrance into Toutley Hall lane (an unadopted lane) to allow access for huge construction vehicles to the parcel of land beyond where houses will be built.

It's vitally important to realise that Old Forest Road is adjacent to a now thriving Wokingham Football club that creates dozens of cars using the road ,it's also used as a rat run for families and children enabling easy access to the 4 schools and not to mention people young and old walking their dogs, or waiting for a bus.

This proposal does not take into consideration the SAFETY OF OUR CHILDREN.

PLEASE SUPPORT THIS
